* Discontinued, Manufacturer Support Ended. While current subscribers are authorized to continue to operate on the system, no new units will be permitted to be added.

AES (Advanced Encryption Standard) ENCRYPTION STATEMENT

While the subscribers on this list are all capable of AES encryption, that feature is not automatically included in the base model subscriber. AES encryption must be added when the subscriber is ordered and is **REQUIRED** on all law enforcement subscribers.

All subscriber units on this list have been tested for functionality on the OCICS. It is each agency's responsibility to determine if a specific subscriber unit meets their operational needs. Please direct any questions to the Onondaga County Department of Emergency Communications, Radio Division at (315) 435-7911 or radio@ongov.net

All programming templates will be provided by the Onondaga County Dept. of Emergency Communications Radio Division. Any deviation from approved programming must be approved prior to programming.
