A. “Contracting officer” shall mean the officer or employee of the Onondaga County Water Redevelopment Corporation (the “Corporation”) who shall be appointed by resolution to be responsible for the disposition of property.

B. “Dispose” or “disposal” shall mean transfer of title or any other beneficial interest in personal or real property in accordance with section 2897 of the Public Authorities Law.

C. “Property” shall mean personal property in excess of five thousand dollars (\$5,000) in value, and real property, and any inchoate or other interest in such property, to the extent that such interest may be conveyed to another person for any purpose, excluding an interest securing a loan or other financial obligation of another party.

SECTION 2. DUTIES

A. The Corporation shall:

(i) maintain adequate inventory controls and accountability systems for all property owned by the Corporation and under its control;

(ii) periodically inventory such property to determine which property shall be disposed of;

(iii) produce a written report of such property in accordance with subsection B herewith; and

(iv) transfer or dispose of such property as promptly and practicably as possible in accordance with Section 3 below.

B. The Corporation shall

(i) publish, not less frequently than annually, a report listing all real property owned in fee by the Corporation. Such report shall consist of a list and full description of all real and personal property disposed of during such period. The report shall contain the price received by the Corporation and the name of the purchaser for all such property sold by the Corporation during such period; and

(ii) shall deliver copies of such report to the Comptroller of the State of New York, the Director of the Budget of State of New York, the Commissioner of the New York State Office of General Services, and the New York State Legislature (via distribution to the majority leader of the senate and the speaker of the assembly).

SECTION 3. TRANSFER OR DISPOSITION OF PROPERTY

A. Supervision and Direction. Except as otherwise provided herein, the duly appointed contracting officer (the "Contracting Officer") shall have supervision and direction over the disposition and sale of property of the Corporation. The Corporation shall have the right to dispose of its property for any valid corporate purpose.

B. Custody and Control. The custody and control of Corporation property, pending its disposition, and the disposal of such property, shall be performed by the Corporation or by the Commissioner of General Services when so authorized under this section.

C. Method of Disposition. Unless otherwise permitted, the Corporation shall dispose of property for not less than its fair market value by sale, exchange, or transfer, for cash, credit, or other property, with or without warranty, and upon such other terms and conditions as the Corporation and/or contracting officer deems proper. The Corporation may execute such documents for the transfer of title or other interest in property and take such other action as it deems necessary or proper to dispose of such property under the provisions of this section. Provided, however, no disposition of real property, any interest in real property shall be made unless an appraisal of the value of such property has been made by an independent appraiser and included in the record of the transaction and provided further, that no disposition of any other property, which because of its unique nature or the unique circumstances of the proposed transaction is not readily valued by reference to an active market for similar property, shall be made without a similar appraisal.

D. Sales by the Commissioner of General Services (the "Commissioner"). When the Corporation shall have deemed that transfer of property by the Commissioner will be advantageous to the State of New York, the Corporation may enter into an agreement with the Commissioner pursuant to which Commissioner may dispose of property of the Corporation under terms and conditions agreed to by the Corporation and the Commissioner. In disposing of any such property, the Commissioner shall be bound by the terms hereof and references to the contracting officer shall be deemed to refer to such Commissioner.

E. Validity of Deed, Bill of Sale, Lease, or Other Instrument. A deed, bill of sale, lease, or other instrument executed by or on behalf of the Corporation, purporting to transfer title or any other interest in property of the Corporation in accordance herewith shall be conclusive evidence of compliance with the provisions of these guidelines and all applicable law insofar as concerns title or other interest of any bona fide grantee or

transferee who has given valuable consideration for such title or other interest and has not received actual or constructive notice of lack of such compliance prior to the closing.

F. Bids for Disposal; Advertising; Procedure; Disposal by Negotiation; Explanatory Statement.

(i) Except as permitted by all applicable law, all disposals or contracts for disposal of property made or authorized by the Corporation shall be made after publicly advertising for bids except as provided in subsection (iii) of this Section F.

(ii) Whenever public advertising for bids is required under subsection (i) of this Section F:

(A) the advertisement for bids shall be made at such time prior to the disposal or contract, through such methods, and on such terms and conditions as shall permit full and free competition consistent with the value and nature of the property proposed for disposition;

(B) all bids shall be publicly disclosed at the time and place stated in the advertisement; and

(C) the award shall be made with reasonable promptness by notice to the responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the Corporation, price and other factors considered; provided, that all bids may be rejected at the Corporation's discretion.

(iii) Disposals and contracts for disposal of property may be negotiated or made by public auction without regard to subsections (i) and (ii) of this Section F but subject to obtaining such competition as is feasible under the circumstances, if:

(A) the personal property involved has qualities separate from the utilitarian purpose of such property, such as artistic quality, antiquity, historical significance, rarity, or other quality of similar effect, that would tend to increase its value, or if the personal property is to be sold in such quantity that, if it were disposed of under subsections (i) and (ii) of this Section F, would adversely affect the state or local market for such property, and the estimated fair market value of such property and other satisfactory terms of disposal can be obtained by negotiation;

(B) the fair market value of the property does not exceed fifteen thousand dollars (\$15,000);

(C) bid prices after advertising therefor are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition;

(D) the disposal will be to the state or any political subdivision or public benefit corporation, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation;

(E) under those circumstances permitted by subsection (v) below; or

(F) such action is otherwise authorized by law.

(iv) (A) An explanatory statement shall be prepared of the circumstances of each disposal by negotiation of:

(1) any personal property which has an estimated fair market value in excess of fifteen thousand dollars (\$15,000);

(2) any real property that has an estimated fair market value in excess of one hundred thousand dollars (\$100,000), except that any real property disposed of by lease or exchange shall only be subject to clauses (3) and (4) of this subparagraph;

(3) any real property disposed of by lease, if the estimated annual rent over the term of the lease is in excess of fifteen thousand dollars (\$15,000); or

(4) any real property or real and related personal property disposed of by exchange, regardless of value, or any property any part of the consideration for which is real property.

(B) Each such statement shall be transmitted to the persons entitled to receive copies of the report required under Section 2(B) above not less than ninety (90) days in advance of such disposal, and a copy thereof shall be preserved in the files of the Corporation.

(v) Disposal of Property for less than Fair Market Value ("FMV").

(A) No assets owned, leased or otherwise in the control of the Corporation may be sold, leased, or otherwise alienated for less than its FMV except if:

(1) the transferee is a government or public entity and terms of transfer require ownership and use to remain with the government or public entity; or

(2) the purpose of transfer is within purpose, mission of the Corporation; or

(3) the Corporation provides written notification to the Governor, the Speaker of the Assembly, and the Temporary President of the Senate; provided, however, that such notification is subject to denial

by the Governor, the Speaker of the Assembly, and the Temporary President of the Senate pursuant to the PAAA.

(B) If the Corporation proposes to make a transfer below FMV, the following information is required to be provided to the Corporation's Board of Directors and the public:

- (1) a full description of the asset;
- (2) an appraisal of the FMV of the asset;
- (3) a description of purpose of transfer, the kind and amount of the benefit to the public resulting from the transfer such as jobs and wages created or preserved;
- (4) a statement of the value to be received compared to FMV;
- (5) the names of any private parties participating in the transfer, and, if different than the information required by paragraph 4 immediately above, a statement of the value to the private party;
- (6) the names of other private parties that have made an offer for the asset being transferred, the value offered, and the purpose for which the asset would have been used.

(C) The Board of Directors of the Corporation must make a written determination that there is no reasonable alternative to the proposed below-market transfer that would achieve the same purpose of such transfer.

The guidelines are subject to modification and amendment at the discretion of the Corporation board and shall be filed annually with all local and state agencies as required under all applicable law.

The designated Contracting Officer for the Corporation is Cydney Johnson.

Approved and adopted this 11th day of June, 2026.

Cydney Johnson, Secretary

March 26, 2026

To the Board of Directors of the
Onondaga County Water Redevelopment Corporation:

We have audited the financial statements of the Onondaga County Water Redevelopment Corporation (the Corporation) for the year ended December 31, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 20, 2026. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Corporation are described in Note 2 to the financial statements. No new accounting policies having a material impact were adopted, and the application of existing policies was not changed during the year. We noted no transactions entered into by the Corporation during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no particularly sensitive estimates in 2025.

The financial statement disclosures are neutral, consistent and clear

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated the date of our Independent Auditor's Report.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Corporation's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Corporation's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Restriction on Use

This information is intended solely for the information and use of the Board of Directors, Audit Committee, and management of the Corporation and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

March 26, 2026

To the Board of Directors of the
Onondaga County Water Redevelopment Corporation

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Onondaga County Water Redevelopment Corporation (the Corporation), a blended component unit of the County of Onondaga, New York (the County) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of December 31, 2025, and the change in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Corporation, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Management has omitted the management discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement basic financial statements. Our opinion on the basic financial statements is not affected by this missing required supplementary information.

(Continued)

INDEPENDENT AUDITOR'S REPORT
(Continued)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2026, on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

ONONDAGA COUNTY WATER REDEVELOPMENT CORPORATION
(A BLENDED COMPONENT UNIT OF THE COUNTY OF ONONDAGA, NEW YORK)

NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025

1. ORGANIZATION

The Onondaga County Water Redevelopment Corporation (the Corporation), a blended component unit of the County of Onondaga, New York (the County or Primary Government) is a local development corporation, registered under nonprofit law Section 510(c)(3) of the Internal Revenue Code. The Corporation was formed in 2024 for charitable purposes with a mission to lessen the burdens of government by undertaking and promoting economic development projects in the County. The Corporation had no activity or transactions until the year ending December 31, 2025.

In accordance with the Governmental Accounting Standards Board (GASB) pronouncements, the Corporation is considered a blended component unit of the County based upon the fact that the County is the sole member of the Corporation, per the Corporation's bylaws.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Corporation's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America as set forth by the Governmental Accounting Standards Board for proprietary funds.

Measurement Focus and Basis of Accounting

The Corporation operates as a proprietary fund. Proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with their activities are reported. Fund equity is classified as net position.

The Corporation utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when a liability is incurred, or an economic asset is used.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and such differences may be significant.

Cash

Cash consists primarily of demand deposits. All cash of the Corporation was unrestricted as of December 31, 2025.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Operating and Non-operating Revenues and Expenses

As a business-type activity, the Corporation distinguishes operating revenues and expenses from non-operating items. Operating revenues are comprised of contributions from the Primary Government. Operating expenses generally result from the general and administrative expenses in accordance with the Corporation's mission and repairs and maintenance. There were no non-operating revenues or expenses in 2025.

Revenue Recognition

All revenue is recognized when earned. In the case of government contribution revenue, the revenue is considered earned when received from the County, as there are no additional obligations that must be satisfied.

Net Position

Equity is classified as net position and displayed in three components:

- Net investment in capital assets - capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position – net position with constraints placed on their use either by (1) external groups such as creditors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The Corporation did not have restricted net position at December 31, 2025.
- Unrestricted net position - all other net position that does not meet the definition of net investment in capital assets or restricted net position.

It is the Corporation's policy to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Income Taxes

The Corporation was organized as a not-for-profit corporation under Section 501(c)(3) of the Internal Revenue Code.

3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The Corporation follows an investment and deposit policy, the overall objective of which is to adequately safeguard the principal amount of funds invested or deposited; conform with federal, state and other legal requirements; and provide sufficient liquidity of invested funds in order to meet obligations as they become due. Oversight of investment activity is the responsibility of those charged with governance.

Monies must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within and authorized to do business in New York State (NYS).

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. The Corporation has an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (Continued)

Credit Risk

The Corporation's policy is to minimize the risk of loss due to failure of an issuer or other counterparty to an investment to fulfill its obligations.

Custodial Credit Risk

Custodial credit risk related to cash deposits is the risk that in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. The Corporation maintained cash balances with a financial institution insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 for interest bearing and non-interest-bearing accounts. At December 31, 2025, the Corporation's deposits totaled \$12,490 and were insured in full by FDIC.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

March 26, 2026

To the Board of Directors of the
Onondaga County Water Redevelopment Corporation

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Onondaga County Water Redevelopment Corporation (the Corporation), a blended component unit of the County of Onondaga, New York (the County) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements, and have issued our report thereon dated March 26, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**
(Continued)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Board of Directors
Onondaga County Water Redevelopment Corporation

Dear Board of Directors:

Public Authorities, which are authorized under the Not-for-Profit Corporation Law fall under the Public Authorities Accountability Act (PAAA) and Public Authorities Reform Act (PARA) definition if they are affiliated with, sponsored by, or created by a municipal government.

One of the specific requirements of the PAL is Section 2925, subdivision 6 that indicates:

“Each corporation shall annually prepare and approve an investment report which shall include the investment guidelines, as specified in subdivision three of this section, amendments to such guidelines since the last investment report, an explanation of the investment guidelines and amendments, the results of the annual independent audit, the investment income record of the corporation and a list of the total fees, commissions, or other charges paid to each investment banker, broker, dealer, agent, dealer and adviser rendering investment associated services to the corporation since the last investment report. Such investment report may be a part of any other annual report that the corporation is required to make.”

In discussions with the ABO, they have indicated that the annual financial statement audit does not satisfy the requirement above. Furthermore, the requirement extends to not only investments in the conventional sense, but all funds available for deposit in the organization, except for traditional checking and savings type deposits, or trustee directed investments in association with bond issuances. Certificates of deposits would qualify as investments under the regulations.

The complexity of the audit is based primarily on the nature of the organization's investments. Organizations with certificates of deposit or other non-complex investments may be able satisfy the requirements by having an agreed-upon procedures review of its investment policy performed to ensure that the organization is in compliance with said policy.
