LEGISLATURE CHAMBERS

ONONDAGA COUNTY, N.Y.

Presented By: Legislators Kinne, Rowley, May, Burtis, Gunnip, Cody, Abbott, Ryan, Chase, Olson, McBride, Knapp, Bush, Kelly, Kuhn, Garland and Ervin

The above-named members of the County Legislature of Onondaga County, New York, on the 5th day of July 2022, wishes to:

RECOGNIZE AND HONOR DR. INDU GUPTA FOR HER EXTRAORDINARY SERVICE AND LEADERSHIP AS ONONDAGA COUNTY HEALTH COMMISSIONER

WHEREAS, Dr. Indu Gupta has served honorably as Onondaga County Health Commissioner since November 2014 with the mission to protect and improve health of all Onondaga County residents; and

WHEREAS, the Onondaga County Health Department envisions a community of partners working together for the physical, social, and emotional well-being of all, while holding close the values of respect, excellence, accountability, collaboration, and health equity; and

WHEREAS, Dr. Gupta has led a sustained, robust, and multi-pronged COVID-19 pandemic response, beginning in earnest with the first county-wide COVID-19 response meeting in February 2020 and continued with contact tracing programs, coordinating testing sites, supply distribution, massive vaccination efforts, and assistance in educating the public, all while responding to variants such as Delta and Omicron; and

WHEREAS, Dr. Gupta helped her department achieve National Accreditation from the Public Health Accreditation Board, initiated programs to combat the opioid epidemic and the impact of tobacco use; and

WHEREAS, Dr. Gupta helped build stronger collaborative community partnerships, built a legacy of transparency through a digital transformation, and secured long term increased funding from the NYS Department of Health, and served as a state-wide leader among county health commissioners; and

WHEREAS, the work of the department she led for nearly 8 years saved so many lives and improved quality of life, from harm reduction related to smoking, the use of opioids, STD infection to the COVID-19 pandemic, Dr. Gupta oversaw such broad and impactful work for Onondaga County; now, therefore be it

RESOLVED, that Legislators Kinne, and all the members of the Onondaga County Legislature, do hereby recognize and honor Dr. Indu Gupta for her extraordinary service and leadership as Onondaga County Health Commissioner.

I hereby certify that the foregoing was duly noted by the County Legislature of Onondaga County, New York. Witness my hand and seal of said Legislature.

DOUGLAS R. WICKMAN

Licensed Professional Engineer

7121 Totman Drive, Cicero N.Y. 13039

EXPERIENCE

Mr. Wickman has managed many public and private infrastructure-related projects for municipal, commercial, and industrial clients. Efforts typically involve planning, feasibility studies, design, cost estimating and construction services. Work on municipal projects has involved design and construction administration services for water distribution systems, sanitary sewers, storm sewers, and stormwater control facilities serving residential and commercial projects and industrial parks for the towns of Clay, Cicero, Tully, Fabius, Skaneateles, Salina and Onondaga, NY, the counties of Onondaga and Oswego, NY, the villages of North Syracuse, Central Square and Liverpool, NY., and the City of Syracuse.

For Onondaga County, work has included a Countywide Drainage Study to evaluate the condition of all inter-municipal water courses in the county. Drainage studies, master planning and design of drainage and flood control improvements for the Ley Creek, Meadowbrook and Bloody Brook watersheds. A drainage study of the Cold Brook watershed covering flooding problems in the City of Syracuse. Study, design, and construction administration of the Harbor Brook flood control facilities were also completed. For the City of Syracuse, work included analysis of the water transmission and distribution facilities. It also included computer modeling of the developing watersheds in the surrounding suburban towns. These models are used to help protect city residents from flooding due to increased rates and volumes of runoff resulting from land development.

Work for the Town of Clay involved general planning services, including masterplans for drainage and stormwater runoff for most of the developing portions of the town. As development has proceeded it has been consistent with the goals of the master plans, involving continual updates of the hydrological computer models that were used. General town board services included management of the repair and updates of all water, sewer, and drainage facilities, and environmental reviews of all significant commercial developments. These services for the Town of Clay spanned more than 35 years.

Work for the Town of Skaneateles primarily involved planning board engineering services. Experience has been primarily water quality related, assisting the town in efforts to protect the character of the community and the water quality of Skaneateles Lake. Skaneateles Lake is the water supply for the City of Syracuse and is unfiltered. These services for the Town of Skaneateles spanned almost twenty years.

Mr. Wickman was employed by C&S Engineers from 1970-2014, as staff engineer for the Town of Salina from 2017-2022 and is currently retired.

Education, BSCE, Syracuse University, 1970.

Registration, Professional Engineer in NY.

Motion Made By Dr. Chase

RESOLUTION NO. 106

AUTHORIZING A 2022 SENIOR HOUSEHOLD STIMULUS PROGRAM IN ONONDAGA COUNTY
AND AMENDING THE 2022 COUNTY BUDGET

WHEREAS, over two years after the President's National Emergency Declaration for Coronavirus Disease, the COVID 19 pandemic continues to dramatically affect the public health, safety, livelihoods and financial security of the residents of Onondaga County, especially with respect to its vulnerable senior population; and

WHEREAS, the senior population is particularly affected financially by the pandemic considering the percentage of such population living on a fixed income amidst the highest rates of inflation since the 1980's, thereby disproportionately affecting senior households' ability to maintain a stable and sustainable livelihood within the comfort of their home; and

WHEREAS, Onondaga County has sought to ameliorate such impacts on the senior population by funding assistance programs, including, but not limited to, a COVID-19 phone help-line for homebound seniors and by providing grants to support their quality of life; and

WHEREAS, the County is now desirous of establishing a 2022 Senior Household Stimulus Program to further mitigate the disproportionate economic impacts felt by senior households in the County, and in furtherance of attendant County purposes, whereby all eligible senior households in Onondaga County, as defined below, shall receive two hundred dollars (\$200) in assistance; and

WHEREAS, the term "eligible senior households" shall mean those Onondaga County households receiving the New York State Enhanced STAR exemption for the 2022-2023 school year, with the Onondaga County Finance Department responsible for identifying all eligible senior households based upon available information and preparing, printing, and mailing said assistance to such eligible senior households; now, therefore be it

RESOLVED, that the 2022 County budget is amended as follows:

RESOLUTION NO. 108

A RESOLUTION INDICATING THE COUNTY OF ONONDAGA'S ONGOING INTENT TO REQUIRE A CONTRACT FOR PAYMENTS IN LIEU OF TAXES FOR SOLAR AND WIND ENERGY SYSTEMS PURSUANT TO REAL PROPERTY TAX LAW SECTION 487(9)(B)

WHEREAS, pursuant to New York Real Property Tax Law § 487, a county may require a solar or wind energy system, as defined therein and meeting the requirements of subdivision four thereof, to enter into a contract for payments in lieu of taxes (PILOT) provided the county notify the owner or developer in writing of its intent to require a PILOT within sixty (60) days of receiving written notification; and

WHEREAS, New York Real Property Tax Law § 487(9)(b) allows for the adoption of a resolution by this Onondaga County Legislature indicating the County's ongoing intent to require PILOTS for such solar and wind energy systems, which resolution shall satisfy the aforesaid sixty (60) day notice requirement to owners or developers and no further action is required on the part of Onondaga County; now, therefore be it

RESOLVED, that this Resolution, effective immediately, shall serve as notice of the County of Onondaga's ongoing intent to enter into PILOT agreements for solar and wind energy systems within the County pursuant to New York Real Property Tax Law § 487(9)(b); and, be it further

RESOLVED, that the County Executive is authorized to execute agreements and such other documents as may be reasonably necessary to implement the intent of this resolution.

RESOLUTION NO. 113

RENEWING WITH MODIFICATION AGRICULTURAL DISTRICT NO. 3, IN THE TOWNS OF
CAMILLUS, CICERO, CLAY, ELBRIDGE, LYSANDER, MANLIUS AND VAN BUREN

WHEREAS, pursuant to Section 303-a of the New York State Agriculture and Markets Law, this Onondaga County Legislature adopted Resolution No. 122-2021 providing for notice of the eight-year review of Agricultural District No. 3 in the Towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius and Van Buren; and

WHEREAS, by Resolution No. 99-2022, this Onondaga County Legislature authorized a public hearing on said agricultural district renewal at the Onondaga County Courthouse on Tuesday July 5, 2022, and such hearing was duly noticed and held; and

WHEREAS, the Onondaga County Legislature has completed the eight-year review of Agricultural District No. 3, and has received from the Onondaga County Agriculture and Farmland Protection Board its report and recommendations regarding the agricultural viability of the district and regarding recommended modifications to the district; and

WHEREAS, it is the desire of this Legislature to renew Agricultural District No. 3 with modifications as provided for herein; now, therefore be it

RESOLVED, that the proposed action is an Unlisted action and this Legislature shall act as the Lead Agency for the purposes of the New York State Environmental Quality Review Act (SEQRA); and, be it further

RESOLVED, that the Short Environmental Assessment Form for this project has been completed and reviewed and is on file with the Clerk of the Legislature; and, be it further

RESOLVED, that this Legislature hereby finds and declares a negative declaration under SEQRA in that there is no anticipated construction and no anticipated change in use, that the identified possible impacts, if any, on air quality and surface water quality will not be significant and there is little likelihood of significant adverse environmental impacts; and, be it further

RESOLVED, that in accordance with Agriculture and Markets Law, Section 303-a, said Agricultural District No. 3 in the Towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius and Van Buren hereby is renewed with the modifications provided for herein; and, be it further

RESOLVED, that the modifications to Agricultural District No. 3 are as follows and encompass the following parcels listed by town, owner, parcel number, and acreage:

INTRODUCTION

This report presents the findings of the Onondaga County Agriculture and Farmland Protection Board's (AFPB) 2022 eight-year review and final recommendations to the County Legislature for Agricultural District 3 in the Onondaga County towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius and Van Buren.

Article 25-AA of the NYS Agriculture and Markets Law was enacted in 1971 to help keep farmland in agricultural production through a combination of landowner incentives and protections that discourage the conversion of farmland to non-agricultural uses, including:

- providing reduced property tax bills for agricultural lands (agricultural landowners must apply to the local tax assessor for an annual agricultural assessment);
- providing the framework to limit unreasonable local regulation on accepted agricultural practices;
- providing Right to Farm provisions that protect accepted agricultural practices from private nuisance suits;
- modifying state agency administrative regulations and procedures to encourage the continuation of agricultural businesses;
- modifying the ability to advance public funds to construct facilities that encourage development;
- preventing benefit assessments, special ad valorem levies, or other rates and fees on farmland for the finance of improvements such as water, sewer or nonfarm drainage; and
- modifying the ability of public agencies to acquire farmland through eminent domain.

Agricultural districts primarily benefit owners of land that is farmed. Being an existing part of an agricultural district does not require that the land be used for agriculture and it does not directly affect tax assessments (agricultural landowners must apply to the local tax assessor for an annual NYS agricultural assessment).

Agricultural districts are reviewed by the Onondaga County Legislature and recertified by the NYS Department of Agriculture and Markets Commissioner every eight years. During the review landowners can decide if they want their property to remain in the district, or be removed or added. The review is announced through public notices and announcements, a municipal notice letter, and a mailing to all landowners within the district, which includes a property owner notice letter and a removal and addition request form, and an optional farm questionnaire.

Article 25-AA of the NYS Agriculture and Markets Law requires the AFPB to consider the following factors when creating and reviewing an agricultural district:

- the viability of active farming within and adjacent to the district;
- the presence of viable inactive farm lands within and adjacent to the district;
- the nature and extent of land uses other than active farming within and adjacent to the district;
- county developmental patterns and needs; and
- any other relevant matters.

Viable agricultural land, as defined in NYS Agriculture and Markets Law, Article 25-AA, Section 301, sub.7, is "...land highly suitable for a farm operation..." and a farm operation as defined in sub.11 is "...the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise... In judging viability, Article 25-AA of the NYS Agriculture and Markets Law requires the AFPB to consider:

- natural factors including soil, climate, topography;
- markets for farm products;
- the extent and nature of farm improvements;
- the present status of farming;
- anticipated trends in agricultural economic conditions and technology; and
- any other relevant factors.

NYS Department of Agriculture & Markets provides guidance in how it defines farm operations and thresholds in determining farm activities to constitute a commercial enterprise, to include factors such as types of products, acreage in production, gross sales and capital investment, experience and commitment. Requested additions are, therefore, examined primarily for the presence and characteristics of onsite and related commercial farm operations and production opportunities, highly suitable land, location relative to existing agricultural districts, nearby development and natural features.

Agricultural District 3 was last reviewed and recertified in 2014. Following the 2014 review and recertification, District 3 encompassed approximately 47,325 acres. Since 2014, property owners have had the option to request to enroll viable agricultural land into the district on an annual basis. As a result, 2,040.07 acres have been added to District 3 since the last review in 2014.

DISTRICT AGRICULTURAL VIABILITY

PHYSICAL CHARACTERISTICS

Agricultural District 3 is located in the northern half of Onondaga County. Onondaga County is geologically divided by the Onondaga Limestone Escarpment, which runs east/west through the middle of the county. The Erie-Ontario Plain is located in the northern half of the county, and most of the drainage in this portion of the county is north to Lake Ontario.

The dominant soils in Agricultural District 3 were formed from glacial till and include well-drained Ontario and moderately well-drained Hilton soils, which are high to medium in content of lime. Other soil associations prevalent in Agricultural District 3 include well-drained Madrid soils and moderately well-drained Bombay soils with medium to low lime content on till plains and drumlins. Hilton, Madrid, and Bombay soils are classified by the USDA Natural Resource Conservation Service as prime agricultural soils. Less common soils found within the district include Palmyra and Howard soils, which are highly erodible and generally have slow internal drainage. These soils are located in the northeastern portion of the Erie-Ontario Plain, close to Oneida Lake. These soils are also classified as prime agricultural soils. Other soil associations of significance are the somewhat poorly drained Niagara soils and the moderately well-drained Collamer soils. Collamer soils are classified as prime, while Niagara soils are neither prime soils nor soils of statewide importance.

The level to gently rolling nature of the area's topography and well-drained to moderately well-drained soils allow farm operators to initiate spring crop work approximately 10 days earlier than the southern portion of the county. The Seneca River provides irrigation water to local growers.

Transportation corridors within the district also provide access for inputs necessary for agricultural production and movement of crops to markets. Interstate Routes 81 and 90 provide transportation to markets north/south and east/west, respectively. In addition, NYS Routes 370 and 31 traverse the agricultural district in an easterly/westerly direction.

Approximately 76% of the District is composed of high quality farm lands: 48% is classified as Prime Farm Land, 21% is classified Prime Farmland of Statewide Importance, and 7% is classified as Prime Farmland if Drained. These deep, well-drained soils are well-suited to farming and are responsive to agricultural management practices. Physical factors such as soils and climate that make the land viable for farming have not changed.

FARMLAND QUALITY	
CLASIFICATION	PERCENT
Prime Farmland	48 %
Farmland of Statewide Importance	21 %
Prime Farmland if Drained	7 %
Not Prime Farmland	24 %

FARMLAND SOILS IN AGRICULTURAL DISTRICT 3

LAND OWNERSHIP AND USE

At the start of the review, there were approximately 1,800 land owners who owned 2,638 enrolled parcels totaling 49,469 acres within District 3, according to Onondaga County's geographic information system (GIS).

The Towns of Van Buren (13,117 acres), Elbridge (12,692 acres), and Lysander (11,314 acres) have the most acreage within the district, while agricultural uses represent a smaller portion of the land use and economy in the more centralized Towns of Clay, Cicero, and Camillus, with the best access to highways and other infrastructure.

Approximately 193,000 people or just over 40% of the County's population lives in Agricultural District 3. However most of that population lives in the towns' seven villages, and within the Syracuse Urbanized Area, allowing for significant remaining lands in many of Agricultural District 3's Towns for agricultural uses. Additionally, construction of single-family subdivisions has seen a decline in the last decade, in favor of denser infill development, including apartments and mixed-use developments in established communities, minimizing the effect on farmland resources much more than in decades prior. Limits on public sewer infrastructure, travel times to the urban area, and topography also tend to limit urban expansion in District 3.

A map of land uses occurring in the district shows the concentration of parcels within the district, as well as the primarily agricultural and large-lot residential land uses in the district.

Minimal commercial, industrial or other areas make up the district enrollment. While residential lots appear to make up a large percentage of the enrolled number of parcels, very few subdivision-type developments are located in the district, given limits on sewer and water infrastructure. Most residential is found on large lots, where agriculture may remain as a viable secondary use on residential indicated parcels.

LAND USE IN AGRICULTURAL DISTRICT 3

AGRICULTURAL CENSUS

The 2017 US Census of Agriculture indicates a relatively stable farmland community within Onondaga County. Total farmland acreage has remained stable for the past two decades, a result of good soils, market forces, savvy farm operators, a trained labor force, and opportunities for nearby, off-farm employment in a metropolitan area.

According to the 2017 Census of Agriculture, total farm sales in Onondaga County were a record breaking \$178,409,000, up from \$152,050,000 in 2012. And land in farms increased from 150,269 acres in 2012 to 160,717 acres. And the 2017 Census cites 252 new and beginning farmers were added in the 5-year period.

However, the number of part- and full-time farm businesses decreased by 8% percent over this time period, and 10% since 2007, more than the state average. Farms in Onondaga County with more than \$10,000 gross farm sales also decreased from 342 in 2012 to 305 farms in 2017, a 10% change. And the number of farm operators decreased from 1,075 operators in 2012 to 1,068 operators in 2017.

Top crops (in acres) include forage (34,950 acres), corn for silage and greenchop (18,422 acres), corn for grain (18,107 acres), soybeans (8,908 acres) and wheat for grain (5,290 acres). Livestock inventory includes over 47,000 cattle and calves, over 700,000 layers, 230,000 pullets, and 1,244 horses and ponies. Onondaga County ranks in the top 10 in the State for total value of agricultural products sold, (10th), livestock, poultry and products categories (6th), poultry and eggs (3rd), and milk from cows (9th).

DISTRICT AGRICULTURAL TRENDS

The Onondaga County Soil and Water Conservation District (SWCD) reports that agriculture has been strong in District 3, and farmer participation in SWCD programs has been consistent in the Towns of Camillus, Elbridge, Lysander, Manlius, and Van Buren.

Farmers in the Towns of Clay and Cicero portion of the District had previously been more reluctant to work with the SWCD, though SWCD staff has made a concentrated effort to address this in recent years as agricultural BMP assistance programs have been long overdue to reach these farmers. These northern watersheds also are not of a high priority in the NYS DEC waters ranking list.

Northern suburbs are experiencing the fastest growth rates in the County. These northern watersheds also are not of a high priority in the NYS DEC waters ranking list. Development speculation is prevalent in the northern portion of Clay in particular, as large scale commercial and continued residential development is anticipated. The Town of Cicero in recent years has slowed the expansion of growth into agricultural lands, in favor of infill and lakeside development. SWCD staff reports that as suburban

development pushes out further into the countryside, the number of residential complaints against farmers in their communities, primarily regarding slow traffic, noise, dust, and odor, has increased. Communication between neighboring property owners and farmers continues to be a challenge.

Agriculture operators continue to struggle, yet has survived the low milk and commodity prices over this multi-year slump in their economy. The number of farms is declining but the land base in agriculture production is staying the same. SWCD continues to hear and see that in order for farms to survive into the future, they will have to continue to increase in size and absorb other smaller farms that are struggling to stay in business.

FARM QUESTIONNAIRE RESULTS

District review notices, removal and addition request forms, and an optional brief farm questionnaire were mailed to all land owners with land currently enrolled in the District. The questionnaire was intended to inform the Board and its partners of areas of interest to the farming community, and what services or assistance could be incorporated into agency programming.

As evidenced by the above table, interest in general planning for agriculture was among the greatest areas of interest to respondents, as was soil health and on-farm planning. Qualitative comments included interest in 'forever farm' programs, hops, bee and pheasant farming, environmental quality on farms. Concerns or noted threats to agriculture in Agricultural District 3 focused on encroachment of suburban development and commercial solar projects.

Planning agency staff will share this information with the local Soil & Water Conservation District and others who may be able to do outreach and assist individuals with the above items. This information is also useful in guiding the activities of the Agriculture & Farmland Protection Board.

POLICY CONSISTENCY AND COORDINATION

COUNTY POLICIES

ONONDAGA COUNTY AGRICULTURE AND FARMLAND PROTECTION PLAN

The Onondaga County Legislature approved the *Onondaga County Agriculture and Farmland Protection Plan* in April 1997, which was subsequently endorsed by the NYS Department of Agriculture and Markets. The Plan contains a series of goals and objectives for the protection of agricultural land in Onondaga County and proposes a number of recommendations and strategies for attaining the goals. Onondaga County has just received funding from New York State Department of Agriculture & Markets to cost share in the development of an updated Onondaga County Farmland Protection Plan.

The Onondaga County AFPB has been very active in implementing one of the plan's elements, the purchase or donation of development rights on prime farmland, funded by the NYS Department of Agriculture and Markets Farmland Protection Implementation Grants (FPIG) program and other federal and local funders. Since 1998, approximately 30 farm easement projects have been or are in the process of being completed, with over 10,000 acres of farmland protected by the state FPIG, federal and local programs in Onondaga County.

The Syracuse-Onondaga County Planning Agency, with oversight from the Onondaga County Agriculture & Farmland Protection Board, is currently updating the Onondaga County Agriculture & Farmland Protection Plan, and anticipates its formal adoption in 2022.

ONONDAGA COUNTY AGRICULTURE COUNCIL

In 2012, the Onondaga County Agriculture Council was formed to help ensure that county government is working to promote and preserve the County's strong farming community. The Council works to develop strategies and programs to promote local food regionally and strengthen and enhance connections between the urban core to rural, agricultural areas and to review, improve, and develop pro-agriculture/farming friendly policies and regulations that promote urban agriculture and make it easier for local farms to open and stay in business in Onondaga County.

ONONDAGA COUNTY 2010 DEVELOPMENT GUIDE

First adopted in 1991, the "2010 Plan" was updated in 1998 and consists of two documents. The *Onondaga County 2010 Development Guide* provides policies that guide County and municipal officials who are making land use and economic development decisions that ultimately affect the community-at-

large. It is based on the *Framework for Growth in Onondaga County*, a report that examines County-wide conditions and trends.

The *2010 Development Guide* emphasizes the following goals and strategies, which are based on the principals of sustainability and Smart Growth: conduct coordinated project reviews; consider natural resources environmental constraints and infrastructure costs; reinvest in existing communities; redevelop obsolete and vacant sites; protect and maintain existing infrastructure; create urban and suburban settlement patterns and densities; preserve transportation assets; expand infrastructure for job creation; protect the rural economy, agriculture, and access to natural resources; and promote sustainable land development practices.

The County is currently in the process of updating its comprehensive plan, PLAN ONondaga, which includes Agriculture as one of five primary focus areas, and incorporate and complement the new Farmland Protection Plan.

ONONDAGA COUNTY SETTLEMENT PLAN

The Onondaga County Settlement Plan was completed in 2001 to demonstrate how communities can implement Smart Growth principles by replacing suburban-based zoning codes with Traditional Neighborhood Development (TND) form-based codes that preserves open space, creates natural resource corridors, and generates high quality places and walkable neighborhoods that have a continuous street network with small blocks and a well designed public realm (streets, buildings, and parks), and provides a diversity of building types, uses, density, and housing within a 10-minute pedestrian shed (walkable area).

LOCAL POLICIES

The *Onondaga County Agriculture and Farmland Protection Plan* and the *Onondaga County 2010 Plan* all encourage municipalities to implement and update plans and adopt codes that incorporate measures for protecting agricultural land. Onondaga County has also initiated a Town Planning Grants Program, now being accessed by primarily rural towns in the County, to complete hamlet and comprehensive planning work which will complement county land use and agricultural protection planning.

Most towns in Onondaga County have some form of comprehensive plan, which typically recognize the value of agricultural lands and the desire to protect them. However, there are few methods that ultimately implement this goal. Many towns typically use large lot zoning, generally two or more acres, to reduce density and thereby protect open areas. However, these requirements create the unintentional consequences of large lots strung along rural roads and large-lot subdivisions, excessive consumption of farmland and open space, more farmer/neighbor conflicts, and more traffic on farm roads.

Towns are also starting to recognize and implement clustering as permitted in NYS Town Law, a potentially beneficial technique for protecting community character, open space, scenic resources, and environmental features, but not necessarily considered effective at protecting farmland.

Implementing settlement patterns other than the dominant suburban pattern, like traditional neighborhoods demonstrated in the *Onondaga County Settlement Plan*, and adopting new density average/fixed ratio zoning techniques, like those recommended by the American Farmland Trust, are ultimately needed to protect agricultural lands. There is also a need to adopt integrated County and local farmland protection plans that explore and implement a full-range of agricultural protection tools that are summarized and promoted by the American Farmland Trust. The County Planning Agency is currently in the midst of preparing an updated Onondaga County Agriculture & Farmland Protection Plan.

ACHIEVEMENT OF DISTRICT OBJECTIVES

Production agriculture in District 3 remains viable and will continue to do so in the foreseeable future. Soils, climate, topography, transportation, relatively nearby agri-service and suppliers, and product markets provide the elements necessary for a successful agricultural economy. Farms are making significant investments into their operations and are increasing in size, and most farmers envision the land staying in agricultural production within the foreseeable future. Since the last renewal of District 3, over 2,000 acres have been added. Currently requested additions to Agricultural District 3 total 401 acres.

Ongoing issues revolve around both the larger agricultural economy, for example, increasing farm sizes and more stringent regulatory requirements, as well as local conditions including increasing rural residential development and neighbor conflicts, increased local government service demands and higher taxes, recent local climatic conditions, and, in particular, the ongoing loss of affordable land, owned and rented, that is crucial to agricultural production. District 3 also encounters the most pressure from suburban expansion of the four districts in Onondaga County. Commercial solar development is also occurring on agricultural lands in District 3, where significant electrical transmission infrastructure travels.

REQUESTS & RECOMMENDATIONS

The AFPB mailed a notice of the eight-year review of Agricultural District 3 and a removal and addition request form to landowners with property currently enrolled in District 3 and municipalities within the District. The tables below reflect the requests for additions and removals that were submitted by landowners.

ADDITION REQUESTS

The following property owners requested that their land be added to the district, totaling 401.94 acres. All lands involved have been reviewed to verify the presence and characteristics of land highly suitable for a farm operation, viability as a commercial enterprise, location relative to existing agricultural districts, nearby development and natural features.

RECOMMENDATIONS

The farm sector in Onondaga County is robust and stable and the agricultural economy in Agricultural District 3 continues to be strong and diverse.

The AFPB reviewed addition requests and approved modifications as requested, with the exception of Town of Elbridge tax parcel 028.-01-39.0 (1.79 acres). In reviewing Elbridge parcel 028.-01-39.0, the Board determined the land to be principally residential in nature, and the request did include adequate additional information to otherwise justify its inclusion in the agricultural districts program.

The Board reviewed removal requests, and had no objections to the list as presented.

In summary, the AFPB recommends continuing Agricultural District 3 with the modifications requested by landowners, with the exception of the requested addition of Elbridge tax parcel 028.-01-39.0. The recommended are reflected in the following tables.

FINAL ACREAGE

District 3 was last recertified in 2014 and encompassed 47,325 acres. Through subsequent annual addition processes, 2,040 acres were added to the District. An additional adjustment of 131 acres was made to reflect modifications resulting from parcel splits or combinations, or redrafting of the parcel data used in the GIS. As a result, the district acreage prior to the 2022 review was adjusted to 49,496 acres.

The AFPB recommends that 400.15 acres be added and 219.16 acres be removed per landowner requests, for a final Agricultural District 3 total of 49,677 acres, a net increase of 183 acres in the district.

Re: Agricultural District 3 - 2022 Eight-Year Review and Recertification

Why did I receive this letter?

Onondaga County records indicate that you own property within Agricultural District 3. New York State Agricultural Districts Law requires that State certified agricultural districts be reviewed and recertified every eight years. Agricultural District 3 in the Onondaga County Towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius, and Van Buren is scheduled for review and recertification in 2022.

Agricultural District 3 property owners can choose any of the following. **Your property can:*

- **REMAIN** in the District, which means **no further action** is required.
- Be **REMOVED** from the district – **complete & return the enclosed request form by January 30th, 2022**
- Be **ADDED** to the district – **complete & return the enclosed request form by January 30th, 2022**

Land that you own that is **currently enrolled in the District is listed on the enclosed form.*

What is an Agricultural District?

In 1971, the New York State Legislature passed the Agricultural Districts Law (Agriculture and Markets Law Article 25-AA) allowing the formation of agricultural districts in New York State. Agricultural districts are designed to protect agriculture through a combination of property owner incentives and protections that discourage the conversion of agricultural lands to non-agricultural land, including:

- providing Right to Farm provisions that protect agriculture from private nuisance suits;
- providing the framework to limit unreasonable local regulation of agricultural practices;
- providing property tax benefits for agricultural lands (*owners must apply annually to their local assessor for an agricultural assessment*);
- modifying State regulations and procedures to encourage the continuation of farm businesses;
- modifying the ability to advance public funds to construct facilities that encourage development;
- preventing benefit assessments, special ad valorem levies, or other rates and fees on agricultural lands for the finance of improvements such as water, sewer or nonfarm drainage; and
- modifying the ability of public agencies to acquire agricultural lands through eminent domain.

Agricultural Districts primarily benefit owners of property that is farmed. Being part of district does not:

- directly affect the use of land beyond existing requirements such as zoning; or
- directly reduce or increase tax assessments—agricultural property owners can apply to the local tax assessor for an annual agricultural assessment.

Can I get a reduction in my property taxes?

Agricultural districts do not directly affect property tax assessments of non-agricultural lands. Although all owners of agricultural lands may be eligible for an agricultural assessment, regardless of agricultural district status, being within an agricultural district does provide additional benefits to those who are eligible for and receive an agricultural assessment. Contact your local town assessor for more information on agricultural assessments or visit: www.tax.ny.gov/research/property/assess/valuation/agindex.htm.

Why is my land in Agricultural District 3?

When first formed in the 1970's, agricultural districts were contiguous, that is, all properties within a single area of predominant farmland were included, regardless of their use. Parcels typically remained in the district over subsequent years unless the owner at the time of recertification specifically requested that it be removed. Parcels are not automatically added or removed when they are bought or sold, and when parcels in a district are subdivided, the resulting parcels remain in the district unless the owner removes them during an 8-year review.

What kind of property should be added to Agricultural District 3?

Owners of parcels within the District 3 area as described above with viable agricultural lands are encouraged to add those parcels to the District. Viable agricultural land, as defined in NYS Agriculture and Markets Law, Article 25-AA, Section 301, sub.7, is "...land highly suitable for a farm operation..." and a farm operation as defined in sub.11 is "...the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise... Such farm operation may consist of one or more parcels of owned or rented land, which parcels may be contiguous or noncontiguous to each other."

What kind of property should be removed from Agricultural District 3?

It is appropriate for owners of property that is not agriculturally viable to request that the parcels be removed from the District. The Onondaga County Agriculture and Farmland Protection Board and local municipal officials may also recommend to the Onondaga County Legislature that parcels be removed from the District.

How do property owners add or remove property from Agricultural District 3?

A Removal and Addition Request Form has been enclosed for your convenience. The form lists parcels owned by you that are currently enrolled in District 3. If you choose to remove any of these parcels, or add new parcels, please complete and return the form by **January 30, 2022**. Forms can also be obtained from the Syracuse-Onondaga County Planning Agency or downloaded from www.ongov.net/planning/review.html.

If you do NOT wish to make any changes to any parcels, you do NOT need to fill out the request form.

What is the enclosed Farm Questionnaire and should I complete it?

While we are no longer asking for completion of a multi-page survey, as in prior years, we would still like to know how we can be of assistance to the farming community. Please complete and return the attached form if you are interested in information on any of the referenced topics or programs. We use this information to help guide the activities of the Onondaga County Agriculture & Farmland Protection Board, and share relevant information with our agency partners involved in agriculture. You can mail the survey, or email it to countyplanning@ongov.net.

What should I expect next?

The Onondaga County Agriculture and Farmland Protection Board will review the requests and prepare a report that is submitted to the Onondaga County Legislature. The County Legislature will then hold a public hearing. Property owners who have requested the removal or addition of parcels will receive written notification of the hearing. Once the County Legislature has approved of the changes, the report is finalized and sent to the New York State Department of Agriculture and Markets for recertification. The entire process typically takes eight to ten months.

DATE: June __, 2022

RE: Public Hearing for the Eight-Year Renewal of Agricultural District 3

A public hearing will be held by the Onondaga County Legislature to consider landowner requests and recommendations of the Onondaga County Agriculture and Farmland Protection Board for the eight-year renewal of Agricultural District 3. The hearing will be held at the Onondaga County Court House, County Legislative Chambers, 4th Floor, 401 Montgomery Street, Syracuse, New York on Tuesday, July 5, 2022 at 12:50 PM.

Agricultural Districts Law 25-AA requires that state certified agricultural districts be reviewed by the County Legislature and recertified by the NYS Department of Agriculture and Markets every 8 years. Agricultural District 3, located in the Towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius and Van Buren, is up for review and recertification in 2022. Enrolled landowners and municipalities within the District were notified of the renewal process, by Onondaga County Legislature Notice of Review Resolution No. 122-2021 and by mailed letters.

The Onondaga County Agriculture and Farmland Protection Board undertook the review and determined that agriculture within the District remains viable and recommended that the County Legislature modify the District as requested by landowners (with the exception of Town of Elbridge parcel 028.-01-39.0) and summarized below. The report and map can also be viewed at <http://www.ongov.net/planning/review.html>.

Motion Made By Mr. Burtis, Mr. Bush

RESOLUTION NO. 113

RENEWING WITH MODIFICATION AGRICULTURAL DISTRICT NO. 3, IN THE TOWNS OF
CAMILLUS, CICERO, CLAY, ELBRIDGE, LYSANDER, MANLIUS AND VAN BUREN

WHEREAS, pursuant to Section 303-a of the New York State Agriculture and Markets Law, this Onondaga County Legislature adopted Resolution No. 122-2021 providing for notice of the eight-year review of Agricultural District No. 3 in the Towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius and Van Buren; and

WHEREAS, by Resolution No. 99-2022, this Onondaga County Legislature authorized a public hearing on said agricultural district renewal at the Onondaga County Courthouse on Tuesday July 5, 2022, and such hearing was duly noticed and held; and

WHEREAS, the Onondaga County Legislature has completed the eight-year review of Agricultural District No. 3, and has received from the Onondaga County Agriculture and Farmland Protection Board its report and recommendations regarding the agricultural viability of the district and regarding recommended modifications to the district; and

WHEREAS, it is the desire of this Legislature to renew Agricultural District No. 3 with modifications as provided for herein; now, therefore be it

RESOLVED, that the proposed action is an Unlisted action and this Legislature shall act as the Lead Agency for the purposes of the New York State Environmental Quality Review Act (SEQRA); and, be it further

RESOLVED, that the Short Environmental Assessment Form for this project has been completed and reviewed and is on file with the Clerk of the Legislature; and, be it further

RESOLVED, that this Legislature hereby finds and declares a negative declaration under SEQRA in that there is no anticipated construction and no anticipated change in use, that the identified possible impacts, if any, on air quality and surface water quality will not be significant and there is little likelihood of significant adverse environmental impacts; and, be it further

RESOLVED, that in accordance with Agriculture and Markets Law, Section 303-a, said Agricultural District No. 3 in the Towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius and Van Buren hereby is renewed with the modifications provided for herein; and, be it further

RESOLVED, that the modifications to Agricultural District No. 3 are as follows and encompass the following parcels listed by town, owner, parcel number, and acreage:

Short Environmental Assessment Form

Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	☒	☐
2. Will the proposed action result in a change in the use or intensity of use of land?	☒	☐
3. Will the proposed action impair the character or quality of the existing community?	☒	☐
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	☒	☐
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	☒	☐
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	☒	☐
7. Will the proposed action impact existing:	☒	☐
a. public / private water supplies?	☒	☐
b. public / private wastewater treatment utilities?	☒	☐
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	☒	☐
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	☒	☐
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	☒	☐
11. Will the proposed action create a hazard to environmental resources or human health?	☒	☐

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action is the renewal with modification of Agricultural District 3 in the Towns of Camillus, Cicero, Clay, Elbridge, Lysander, Manlius, and Van Buren in Onondaga County pursuant to AML 303-a. It is recommended that 400.15 acres be added and 219.16 acres be removed per landowner requests, for a final Agricultural District 3 total of 49,677 acres, a net increase of 181 acres in the district. The proposed action largely preserves and expands the agricultural district thereby preserving farmland, forests and idle land while benefiting the environment (groundwater recharge, open space, scenic viewsheds). As such, Onondaga County issues this negative declaration for purposes of Article 8 of the Environmental Conservation Law because the sale of the property is an Unlisted Action which will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION NO. 114

APPROVING THE INCLUSION OF VIABLE AGRICULTURAL LAND WITHIN CERTIFIED
AGRICULTURAL DISTRICTS PURSUANT TO SECTION 303-B OF THE NEW YORK STATE
AGRICULTURE AND MARKETS LAW

WHEREAS, Section 303-b of Agriculture and Markets Law provides land owners with an annual thirty day period to submit requests for the inclusion of predominantly viable agricultural lands within certified agricultural districts; and

WHEREAS, pursuant to Resolution No. 71-2004, that thirty-day period began January 1, 2022, and ended January 30, 2022; and

WHEREAS, landowners have filed requests for inclusion of predominantly viable agricultural land within certified agricultural districts; and

WHEREAS, the County referred the requests to the Onondaga County Agriculture and Farmland Protection Board, and that Board has reviewed such requests and determined that such property would serve the public interest by assisting in maintaining a viable agricultural industry within the districts, and recommends such property for inclusion within the certified agricultural districts; and

WHEREAS, a public hearing was held on Tuesday, July 5, 2022 at 12:55 p.m. relating to such requested inclusions; now, therefore be it

RESOLVED, that the proposed action is an Unlisted action and this Legislature shall act as the Lead Agency for the purposes of the New York State Environmental Quality Review Act (SEQRA); and, be it further

RESOLVED, that the Short Environmental Assessment Form for this project has been completed and reviewed and is on file with the Clerk of the Legislature; and, be it further

RESOLVED, that this Legislature hereby finds and declares a negative declaration under SEQRA in that there is no anticipated construction and no anticipated change in use, that the identified possible impacts, if any, on air quality and surface water quality will not be significant and there is little likelihood of significant adverse environmental impacts; and, be it further

RESOLVED, that based on the recommendation of the Agriculture and Farmland Protection Board and information provided through the public hearing, this Onondaga County Legislature hereby adopts and approves the inclusion of the requested viable agricultural land within certified Agricultural District No. 4; and, be it further

RESOLVED, that in accordance with Section 303-b of Agriculture and Markets Law the modifications to Agricultural Districts No. 4 are hereby described as follows, and include the following parcels listed by agricultural district, town, owner, parcel number, and acreage:

ONONDAGA COUNTY AGRICULTURAL DISTRICTS 2022 RECOMMENDED ADDITIONS				
DISTRICT	TOWN	OWNER	PARCEL	ACRES*
4	LAFAYETTE	ELLY'S ACRES FARM, LLC	006.-02-18.0	52.32
District 4 Total				52.32
GRAND TOTAL				52.32
* Calculated using a Geographic Information System (GIS), not Real Property Services (RPS) data.				

and, be it further

RESOLVED, that should these parcels be subdivided prior to the expiration of said Districts, each subdivision would automatically be considered a part of said Districts, and would remain in the District while it is in effect; and, be it further

RESOLVED, that the Clerk of this Legislature is to submit a copy of this resolution, together with the report of the Onondaga County Agriculture and Farmland Protection Board including tax map numbers and maps for each parcel of land to be included in an agricultural district to the Commissioner of the New York State Department of Agriculture and Markets.

ADOPTED 7/5/2022

I hereby certify that the foregoing is a true and exact copy of the legislation duly adopted by the County Legislature of Onondaga County on the 5th day of July 2022.

INTRODUCTION

This report presents the findings of the Onondaga County Agriculture and Farmland Protection Board's (AFPB) 2022 review for the addition of viable agricultural land to agricultural districts in Onondaga County. The Onondaga County Legislature formally designated by Resolution 71 on April 5, 2004 an annual 30-day period in January when landowners can request that their land be added to an agricultural district.

Viable agricultural land, as defined in NYS Agriculture and Markets Law, Article 25-AA, Section 301, sub.7, is "...land highly suitable for a farm operation..." and a farm operation as defined in sub.11 is "...the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise... NYS Department of Agriculture & Markets provides guidance in how it defines farm operations and thresholds in determining farm activities to constitute a commercial enterprise, to include factors such as types of products, acreage in production, gross sales and capital investment, experience and commitment.

The following requested additions are, therefore, examined primarily for the presence and characteristics of onsite and related commercial farm operations and production opportunities, highly suitable land, location relative to existing agricultural districts, nearby development and natural features.

LANDOWNER REQUESTS

Landowners have requested that the following parcels be added to agricultural districts within Onondaga County. (Note, this report does not include parcels requested for addition which have been found to be currently enrolled in a certified agricultural district.) The sole proposed 2022 addition occur within Agricultural District 4.

2022 REQUESTED ANNUAL ADDITIONS				
DISTRICT	TOWN	OWNER	PARCEL	ACRES*
4	LAFAYETTE	ELLY'S ACRES FARM, LLC	006.-02-18.0	52.32
District 4 Total				52.32
GRAND TOTAL				52.32
* Calculated using a Geographic Information System, not Real Property Services (RPS) data.				

The following section includes a description of the properties requested to be added to Onondaga County Agricultural Districts, including aerial photography showing the proposed property, existing enrolled Agricultural District properties (shaded green), and area context.

DISTRICT 4 REQUESTED ADDITION

LAFAYETTE (ELLY'S ACRES FARM, LLC): The landowners are requesting addition of a 52.32-acre parcel at the rear of the existing Elly's Acres Farm, under common ownership. The farm has frontage along Eager Road, in a rural location in the Town of LaFayette, characterized by adjacent agricultural and wooded land, with scattered roadside housing. The parcel occurs on a wooded hillside with a grade change of approximately 400 feet, sloping down toward Apulia Road.

Per the farm's website, Elly's Acres Farm is an approximately 500-acre family run sheep farm, specializing in pasture raised, grass fed, hormone and antibiotic free lamb and wool production. The subject parcel was recently acquired and will be used for timber and forest product production (sugar bush for maple production), as well as potential silvopasture. The owner also cites the property serves as a buffer for agricultural noise, odor and other practices.

RECOMMENDATIONS

The farm sector in Onondaga County is strong and stable and the Onondaga County Agricultural and Farmland Protection Plan, Onondaga County 2010 Development Guide and municipal planning documents identify protection of agriculture and farmland as an important goal for preserving the character of rural areas.

As mentioned in the Introduction to this report, the requested additions were examined primarily for the presence and characteristics of onsite and related commercial farm operations and production opportunities, highly suitable land, location relative to existing agricultural districts, nearby development and natural features.

The Agriculture and Farmland Protection Board recommends adding the requested parcel to Agricultural District 4, as it has demonstrated all or most of the abovementioned desired characteristics. The total acreage being recommended for addition is 52.32 acres. The Board notes its recommendations to the Onondaga County Legislature in the following table:

2021 RECOMMENDED ADDITIONS				
DISTRICT	TOWN	OWNER	PARCEL	ACRES*
4	LAFAYETTE	ELLY'S ACRES FARM, LLC	006.-02-18.0	52.32
District 4 Total				52.32
GRAND TOTAL				52.32

RESOLUTION NO. 00071

CALLING FOR DESIGNATION OF AN ANNUAL THIRTY-DAY PERIOD TO SUBMIT LAND
OWNER REQUESTS FOR INCLUSION OF VIABLE AGRICULTURAL LANDS WITHIN A
CERTIFIED AGRICULTURAL DISTRICT

WHEREAS, the New York State Agriculture and Markets Law Section 303-b was amended in March, 2003 to allow for inclusion of viable agricultural lands within a certified agricultural district prior to the county established review period; and

WHEREAS, the subject amendment states that the legislative body of any county containing a certified agricultural district shall designate an annual thirty (30) day period within which a land owner may submit a request for inclusion of predominantly viable agricultural land; and

WHEREAS, such request shall identify the agricultural district into which the land is proposed to be included, describe such land, and include the tax map identification number and relevant portion of the tax map for each parcel of land to be included; and

WHEREAS, the amended Agriculture and Markets Law provides for (a) referral of such requests to the county agricultural and farmland protections board; (b) publication of a notice of public hearing; (c) holding of a public hearing by the county legislative body following proper public notice; and (d) adoption or rejection of the land requested to be included within an existing certified agricultural district by the county legislative body; now, therefore be it

RESOLVED, that the Onondaga County Legislature shall designate an annual thirty-day period for submission of land owner requests for inclusion of viable agricultural land within a certified agricultural district prior to the county established review period; and be it further

RESOLVED, that the thirty-day period for submitting such requests during the current calendar year shall be the period from April 12 to May 12, 2004; and be it further

RESOLVED, that, beginning in the year 2005, the annual thirty-day period for submitting such land owner requests shall begin on January 1 of each year and will end on January 30 of the same calendar year, based on the recommendation of the Onondaga County Agricultural and Farmland Protection Board.

Onondaga County Annual Request Period to Add Viable Agricultural Land to State Certified Agricultural District January 1, 2022 through January 30, 2022

New York State Agricultural Districts are intended to encourage the continued use of farmland for agricultural production. Enrollment of viable agricultural land into a State Certified Agricultural District provides protection of accepted agricultural practices through New York State Agricultural Districts Law. Viable agricultural land is land highly suitable for a farm operation based on a number of factors.

Property owners can request that their property be added to an Agricultural District in Onondaga County between January 1 and January 30 of each year. Owners must complete the attached Request Form and return it **NO LATER THAN JANUARY 30, 2022** to:

Syracuse-Onondaga County Planning Agency
John H. Mulroy Civic Center
421 Montgomery St. – 11th Floor
Syracuse, NY 13202-2923
Phone: 315-435-2611 Fax: 315-435-2439 E-mail: countyplanning@ongov.net

The Onondaga County Agriculture & Farmland Protection Board (AFPB) will make recommendations on requested additions to the Onondaga County Legislature, and Districts with additions will ultimately be certified by the New York State Department of Agriculture & Markets. Those requesting addition will be notified of a County Legislature public hearing to consider additions, and upon certification of the district.

To: Landowners Requesting the Addition of Lands to an Agricultural District and Municipalities

From: Jamie McNamara, Clerk

Date: June __, 2022

Re: Public Hearing for the Addition of Viable Agricultural Lands to Certified Agricultural Districts

A public hearing will be held by the Onondaga County Legislature to consider landowner requests and recommendations of the Onondaga County Agriculture and Farmland Protection Board for the annual addition of land to State certified agricultural districts. The hearing will be held at the Onondaga County Court House, County Legislative Chambers, 4th Floor, 401 Montgomery St., Syracuse, NY on Tuesday, July 5, 2022 at 12:55p.m.

Section 303-b of the New York State Agriculture and Markets Law provides landowners with a thirty-day period to submit requests for the addition of predominantly viable agricultural land to certified agricultural districts. Pursuant to Resolution No. 71-2004 of the Onondaga County Legislature, that thirty-day period began January 1, 2022 and ended January 30, 2022.

The following parcels were requested by landowners to be added to certified agricultural districts during this period.

2021 REQUESTED ADDITIONS				
DISTRICT	TOWN	OWNER	PARCEL	ACRES*
4	LAFAYETTE	ELLY'S ACRES FARM, LLC	006.-02-18.0	52.32
District 4 Total				52.32
GRAND TOTAL				52.32
* Calculated using a Geographic Information System, not Real Property Services (RPS) data.				

The Onondaga County Agriculture and Farmland Protection Board has reviewed such requests and determined that such property would serve the public interest by assisting in maintaining a viable agricultural industry within the districts. The Agriculture & Farmland Protection Board's report and map can be viewed at <http://www.ongov.net/planning/additions.html>.

These additions will be considered at the public hearing. If approved by the Onondaga County Legislature, the additions will be forwarded to the New York State Department of Agriculture and Markets for certification. For more information, please contact the Syracuse-Onondaga County Planning Agency at 315-435-2611 or countyplanning@ongov.net, or visit <http://www.ongov.net/planning/agdist.html>.

Short Environmental Assessment Form

Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	☒	☐
2. Will the proposed action result in a change in the use or intensity of use of land?	☒	☐
3. Will the proposed action impair the character or quality of the existing community?	☒	☐
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	☒	☐
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	☒	☐
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	☒	☐
7. Will the proposed action impact existing:	☒	☐
a. public / private water supplies?	☒	☐
b. public / private wastewater treatment utilities?	☒	☐
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	☒	☐
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	☒	☐
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	☒	☐
11. Will the proposed action create a hazard to environmental resources or human health?	☒	☐

Short Environmental Assessment Form **Part 3 Determination of Significance**

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed action is the addition of approximately 52 acres of land to Agricultural District 4 in the Town of Lafayette, Onondaga County, pursuant to AML 303-b. The proposed action preserves and expands the agricultural district thereby preserving farmland, forests and idle land while benefiting the environment (groundwater recharge, open space, scenic viewsheds). As such, Onondaga County issues this negative declaration for purposes of Article 8 of the Environmental Conservation Law because the sale of the property is an Unlisted Action which will not result in any significant adverse environmental impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
