

A LOCAL LAW ESTABLISHING A PROGRAM TO PROMOTE CAPACITY MANAGEMENT, MAINTENANCE AND OPERATION OF THE PUBLIC SEWERS AND RELATED PURPOSES, AND TO REPEAL LOCAL LAW NO. 13 OF 1989

BE IT ENACTED BY THE COUNTY LEGISLATURE OF ONONDAGA COUNTY AS FOLLOWS:

Section 1. Intent.

The purpose of this Local Law is to promote compliance with environmental laws, protect public health, assure that current and future development within the Onondaga County Sanitary District is not impeded by capacity constraints resulting from excessive inflow and infiltration or lack of adequate maintenance or construction, and provide a mechanism to assure that wastewater capacity, construction, operation, and maintenance are addressed throughout the project planning, approval, construction and post-construction inspection and certification processes. The objectives of this Local Law shall be carried out through a comprehensive program that:

- A. Fosters cooperation between all levels of municipal government, property owners and developers to promote economic growth and to assure maintenance of wastewater capacity throughout the Onondaga County Sanitary District;
- B. Establishes a program for preconstruction approval of plans and specifications for the construction of public and private sewers and laterals;
- C. Prohibits the connection of stormwater and/or groundwater sources into any sewer owned by the Department of Water Environment Protection or tributary thereto and, except with respect to combined sewers and certain footer drains, establishes as a policy objective of this Local Law achieving the disconnection of existing stormwater and/or groundwater sources now connected to sanitary sewers owned by the District or to any publicly or privately owned sewer tributary thereto to the maximum extent possible, within ten (10) years after adoption of this Local Law;
- D. Provides for a waiver of the required disconnection of existing stormwater and/or groundwater sources upon a written determination by the Commissioner that requiring a disconnection is not warranted by the facts and circumstances of a particular case;
- E. Establishes a program of public works to facilitate the disconnection of existing sources of stormwater prohibited by this Law to publicly owned sanitary sewers from residential dwellings constructed prior to 1980 other than multiple dwellings, as defined in Section 7 of the Multiple Dwellings Law;
- F. Mandates inspection by a certified code inspector or codes officer of newly constructed or substantially rehabilitated or remodeled structures prior to sale, transfer and/or occupancy and, in the case of existing structures, the filing of an inspection certificate within ten (10) years of the effective date of this Law, or prior to sale or transfer of title, which ever shall first occur, attesting that the subject property has no roof drains, sump pump connections, or other sources of stormwater to the Onondaga County Sanitary

District or any publicly or privately owned sewer system tributary thereto; and

G. Establishes a program for inspection and enforcement.

Section 2. Legal Authority.

The County and the Commissioner's authority to exercise control over the public sewers within and tributary to the Onondaga County Sanitary District ("the District") sewer system has been established and is codified in Article 11A of the Onondaga County Administrative Code, derived from a special State statute enacted by the New York State Legislature, which specifically authorizes the County to create a Consolidated District and authorizes the Commissioner to regulate the construction of sewers and collection and treatment of sewage and other wastewater generated or disposed of within the District in a manner that promotes compliance with State and federal water pollution control laws and applicable permits, and that assures that the publicly owned sewer systems, pump stations and treatment plants are operated in such a manner as to avoid conditions that may be detrimental to public health or that may constitute a public nuisance.

Section 3. Findings.

- A. The Onondaga County Sanitary District owns, operates and maintains an extensive network of trunk and interceptor sewers and treatment plants within the territorial jurisdiction of the District.
- B. The District's ability to effectively manage the District sewer system is affected by the proper maintenance of tributary sewer systems owned and operated by municipalities within the District that collect sewage and other wastewater and discharge it to the District facilities.
- C. The District's ability to effectively manage the District sewer system is also affected by the proper maintenance of sewer laterals, which is the responsibility of the users of the District sewer system, and publicly owned sewers not owned by the District, but that are tributary to the District system.
- D. The introduction of large volumes of stormwater into the sanitary sewer system during periods of wet weather can result in sanitary and combined sewer overflows (and the release into the environment of untreated sewage), and can also result in basement backups and other undesirable consequences that may be detrimental to public health, the public convenience, and/or may result in creation of nuisance conditions if not addressed.
- E. These conditions can continue to result in the County being required to invest in costly upgrades to wastewater collection and treatment facilities in order to provide additional capacity to collect, transport, store and treat stormwater to avoid or minimize threats to public health and/or the creation of nuisance conditions.
- F. It is the purpose of this Local Law, by the application and enforcement thereof, to deter, prevent and eliminate, as far as possible, the introduction of stormwater into the County trunk and interceptor sewer system and all public sewers tributary thereto in amounts that may cause or contribute to sanitary and combined sewer overflows (and the release

into the environment of untreated sewage), and may also result in basement backups and other undesirable consequences detrimental to public health, the public convenience, and/or may result in creation of nuisance conditions if not addressed.

- G. This Law serves the public interest by: (i) promoting, to the maximum extent possible, the development and implementation of mechanisms that assure appropriate capacity management, operation and maintenance of the District's sewer systems, (ii) providing for sufficient capacity to allow for orderly growth and development in a manner that is consistent with County wastewater planning goals, and (iii) fostering compliance with applicable laws and regulations.
- H. In furtherance of the goal of this Local Law, the programs, activities and modifications set forth below facilitate the proper maintenance of the District sewer systems as well as other publicly owned sewer systems that collect and discharge sewage and wastewater to the District systems and laterals.
- I. Such programs, activities and modifications will result in benefits to the public because of: (i) better performance of the District sewer systems, (ii) avoidance of significantly higher rate costs to construct and/or enlarge the District's capacity to accept, transport, store and treat stormwater, (iii) avoidance of the creation of conditions that may be detrimental to public health, public convenience, and/or may result in creation of nuisance conditions if not addressed, and (iv) avoidance to the extent possible of the imposition by the New York State Department of Environmental Conservation of recurring moratoria on new development due to lack of sufficient capacity to handle flows, especially during periods of wet weather.

Section 4. Definitions.

The following terms when used in this Local Law shall have the meanings set forth herein:

- A. "Backwater Valve" shall mean a device or valve installed in the building drain or sewer pipe where a sewer is subject to backflow.
- B. "Certification of Inspection" shall mean a written statement from a certified building inspector, licensed plumber, professional engineer, or plumbing inspector employed by the Onondaga County Department of Water Environment Protection, Division of Plumbing, setting forth the existing conditions of: (i) a previously occupied existing house, building or property used for human occupancy, employment, recreation, manufacturing, commercial or other purposes, (ii) new construction or substantial reconstruction describing with specificity the condition of the roof drains, sump pump, or other prohibited stormwater or groundwater connections or sources of inflow or infiltration found, or the lack thereof, as set forth in Sections 6, 7 and 8 of this Law.
- C. "Footer Drains / Drain Tiles / Sub Building Drains" shall mean that portion of a drainage system that collects subsurface water and conveys such water to a place of disposal.
- D. "Offset Plan" shall mean a plan that establishes a program to ensure the flow, in one or more segments of the Publicly Owned Treatment Works ("POTW") exceeding its hydraulic or organic capacity, expected from any new connection to the County

interceptor sewers and public sewers tributary thereto is offset by the removal of infiltration and/or inflow, in that segment, in an amount fixed by the Commissioner.

- E. "Project Sponsor/Project Applicant" shall mean any person who proposes to fund, approve or undertake a project in the Onondaga County Sanitary District.
- F. "Roof Drain" shall mean a drain installed to receive water collecting on the surface of a roof and to discharge it into a storm drainage system, combined sewer, or onto the ground.
- G. "Sump Pump" shall mean a mechanism used for removing water or wastewater from a sump or wet well; it may be energized by air, water, steam, or electric motor; ejectors and submerged centrifugal pumps, either float or manually controlled, are often used for the purpose.
- H. "Substantial Reconstruction" shall mean the alteration through remodeling or expansion or other changes made to an existing structure that includes modifications to its wastewater and/or stormwater systems which change its size and/or intended uses in ways that materially increase or is likely to materially increase wastewater and/or stormwater flow.

Section 5. No Unauthorized Connections.

- A. Except as otherwise provided, it shall be the policy objective of this Local Law that no later than ten (10) years from the effective date, no person shall connect or allow to remain connected, a stormwater connection from any building or yard, nor any drain from any sump pump, roof drain, catch basin, lake, swamp, pond or swimming pool, nor any inlet for surface water, stormwater or groundwater of any kind to the County interceptor sewer system, or any public combined or sanitary sewer tributary thereto, or to any private sewer connected to any such public sewer.
- B. Footer drains, drain tiles, or sub building drains installed prior to 1980 shall not be subject to Section 5(A) of this Local Law. Footer drains, drain tiles, or sub building drains installed prior to 1980 shall not be subject to any disconnection requirement until such time that the Commissioner receives the approval of the Onondaga County Legislature, in accordance with the provisions of Sections 11.54 and 11.55 of the Onondaga County Administrative Code, to institute a program of disconnection within specific geographic boundaries to address on-going and unsustainable wet weather capacity issues that remain unresolved following the implementation and analysis of the programs and requirements of this Local Law.
- C. The Commissioner may authorize existing facilities presently connected, directly or indirectly, to combined sewers to remain upon a written determination that includes findings and a conclusion by the Commissioner that said connections:
 - i. are not causing or contributing to dry weather overflows, and/or
 - ii. requiring disconnection of indirect connections to combined sewers would not contribute significantly to reduction of stormwater flows to the combined sewers during periods of wet weather; until such combined sewers are separated and/or

green infrastructure projects are constructed that can accept such flows, at which time all provisions of this Local Law shall become applicable to said facilities.

D. Subject to the provisions of Subdivision B of this Section, within any area served by a combined sewer where a green infrastructure project has been constructed and the Commissioner makes a written determination that includes findings and a conclusion that the green infrastructure project has sufficient capacity to accept stormwater flows and/or in all areas served by a separate sanitary sewer system, no person shall allow stormwater to enter sewage, waste or vent pipes from any building. Within any such area, no person shall connect or allow to remain connected any downspout or leader, gutter or other pipe, roof drain, sump pump, or channel that may at any time carry stormwater, surface drainage, groundwater, or uncontaminated cooling water to any sanitary and/or combined sewer

E. Every joint in the connection to or of a sanitary or combined sewer shall be made gastight and watertight, so that no leakage into or from such connection shall occur.

Section 6. Certification of Inspection or Waiver Required of Owners of Existing Premises.

A. The owner of every existing house, building or property which is used for human occupancy, employment, recreation, manufacturing, commercial or other purposes, constructed prior to the year 2000, connected to the County interceptor sewer system or any public combined or sanitary sewer tributary thereto or to any private sewer connected to any such public sewer shall obtain no later than ten (10) years from the effective date of this Local Law:

(i) A Certificate of Inspection in accordance with the provisions of Section 7 of this Law; or

(ii) An original or certified copy of a Waiver duly issued by the Commissioner in accordance with the provisions of Section 19 of this Law; or

(iii) A certified copy of a previously executed plumbing inspection conducted by, or requested by, the Onondaga County Department of Water Environment Protection; or

(iv) An Affidavit attesting to the fact that any existing noncompliant connection(s) identified in a prior inspection has been corrected and that a Certificate of Inspection certifying such correction(s) has been filed with the Department pursuant to Section 9 of this Law and/or that no changes have been made since the previously filed Certificate of Inspection.

B. The owner of every existing house, building or property which is used for human occupancy, employment, recreation, manufacturing, commercial or other purposes, constructed prior to the year 2000, connected to the County interceptor sewer system or any public combined or sanitary sewer tributary thereto or to any private sewer connected to any such public sewer shall deliver at the time of transfer of title to said premises (or, in the case of a written land contract affecting said premises, no more than one hundred eighty (180) days after the execution of such contract) to the purchaser:

(i) A Certificate of Inspection in accordance with the provisions of Section 7 of this

Law; or

(ii) An original or certified copy of a Waiver duly issued by the Commissioner in accordance with the provisions of Section 19 of this Law; or

(iii) A certified copy of a previously executed plumbing inspection conducted by, or requested by, the Onondaga County Department of Water Environment Protection; or

(iv) An Affidavit attesting to the fact that either: (a) any existing noncompliant connection(s) identified in a prior inspection has been corrected and that a Certificate of Inspection certifying such correction(s) has been filed with the Department of Water Environment Protection, Division of Plumbing pursuant to Section 9 of this Law, and/or (b) that no changes have been made since the previously filed Certificate of Inspection.

- C. For a period of ten (10) years from the effective date of this Local Law, the Onondaga County Department of Water Environment Protection, Division of Plumbing shall provide the inspection required by this Law, at no cost to an owner of a residential dwelling, other than a multiple dwelling as defined by Section 7 of the Multiple Dwellings Law.

Such inspection shall be conducted by a plumbing inspector employed by Onondaga County Department of Water Environment Protection, Division of Plumbing, or by a certified inspector, duly selected and authorized by the Onondaga County Department of Water Environment Protection.

Owners of multiple dwellings, as defined in Section 7 of the Multiple Dwellings Law, owners of commercial, industrial or institutional facilities, and property owners who do not wish to have an inspection performed by a duly designated Department representative may retain, at their own expense, a plumbing inspector, duly authorized by the Onondaga County Department of Water Environment Protection, Division of Plumbing, to conduct the required inspection.

- D. For purposes of this Local Law, a Certification of Inspection shall be considered current for as long as the current and/or subsequent owner of the property attests that:

(i) No modifications to connections to the sanitary sewer have been made following certification of compliance with this Local Law, and/or

(ii) Any non-compliant connections identified by a prior inspection have been corrected and an Affidavit documenting such corrections has been duly filed with the Department in accordance with Sections 6(A)(iii), 6(B)(iii) and 9(D) of this Law.

- E. Notwithstanding the requirements in Section 6(B), no such Certificate of Inspection and/or Affidavit, or original or certified copy of a Waiver shall be required in connection with the following transfers of property:

(i) Involuntary transfers occurring as a direct result of bankruptcy, condemnation or inheritance; voluntary nominal transfers of title in connection with "pass-through" transfers, life use or trust transfers; or automatic transfers upon death of property

owner; foreclosure, non-payment of taxes, tax transfer, and the like, or of sale at public auction by a municipality or other party, including nominal transfers of title in connection with the financing of a project by an Industrial Development Agency or Local Development Corporation; and

(ii) Transfer to a purchaser who has submitted to the Onondaga County Department of Water Environment Protection, Division of Plumbing, a Certification declaring that the structure will be demolished within one hundred eighty (180) days of the date of transfer; and

(iii) Transfer to a purchaser who has submitted to the Onondaga County Department of Water Environment Protection, Division of Plumbing, a Certification declaring that an application for a permit relating to a change in occupancy will be made within one hundred eighty (180) days of the date of transfer, and in the interim the structure will not be occupied. Provided, however, that upon resumption of occupancy, the purchaser must within twelve (12) months document the disconnection of all stormwater connections from sanitary sewers by filing a Certificate of Inspection in accordance with the provisions of Sections 7, 8 and 9 of this Law; and

(iv) Transfer of existing individual condominium units.

Section 7. Inspection of New Construction, Substantial Reconstruction or Existing Premises to be Re-occupied.

- A. Prior to the occupancy of new construction, substantial reconstruction, or re-occupancy of existing construction pursuant to Sections 6(E)(iii) of this Law, the owner shall cause an inspection to be made of the premises to be conveyed or occupied. Said inspection shall be to determine whether the subject premises has any roof drains, and/or sump pump or other prohibited stormwater, groundwater connections or sources of inflow or infiltration to the sanitary sewer system in violation of this Local Law. The person performing the inspection shall execute a Certification of Inspection attesting to the existing conditions describing with specificity the condition of the roof drains, sump pump, or other prohibited stormwater or groundwater connections or sources of inflow or infiltration found, or the lack thereof.
- B. The only persons authorized to conduct an inspection pursuant to the provisions of this Section shall be plumbing inspectors employed by, or duly authorized certified contractors engaged by, the Onondaga County Department of Water Environment Protection, Division of Plumbing or duly authorized officials of the municipality owning and/or operating the public sewer to which the connection is being made as provided for in Sections 16(A) and 16(B) of this Law.

Section 8. Contents of Certification of Inspection and Affidavit.

- A. The Certificate of Inspection that is required by this Local Law shall be on a form approved by the Commissioner and shall recite, at a minimum the following information:
- (i) Description of the property to be certified; and
 - (ii) Address of the property; and

- (iii) A brief description of the nature and methods used to conduct the inspection; and
 - (iv) A statement that the property has or does not have roof drains, sump pump or other prohibited stormwater and/or groundwater connections and/or sources of inflow or infiltration to the sanitary sewer system in violation of this Local Law; and
 - (v) Date of inspection or certification; and
 - (vi) The Certification of Inspection shall be dated and notarized as of the date of the latest inspection.
- B. The Affidavit that is required to be provided by a seller to a purchaser pursuant to Section 6(A)(iv) of this Law shall be dated and notarized prior to or at the time of transfer of title and shall recite the following information:
- (i) A statement that the property has been previously inspected and does not have roof drains, sump pump or other prohibited stormwater and/or groundwater connections and/or sources of inflow or infiltration to the sanitary sewer system in violation of this Local Law and/or that any such violations that were documented in a prior inspection have been duly corrected and an Affidavit of compliance has been filed pursuant to Section 9(D) of this Law; and
 - (ii) The date of the most current inspection or Certification and/or Waiver.

Section 9. Filing Requirements.

- A. The Inspector and/or Certifying Official shall file the original Certification of Inspection with the Onondaga County Department of Water Environment Protection, Division of Plumbing within fifteen (15) days of inspection.

When an Affidavit is filed pursuant to Sections 6(B) and 8(B) of this Law, the Attorney for the seller shall file the Affidavit with the Onondaga County Department of Water Environment Protection, Division of Plumbing within fifteen (15) days of the transfer of title.

- B. In the event that a Certification of Inspection and/or an original or certified copy of a Waiver and/or an Affidavit has not been delivered to a purchaser of an existing house, building or property used for human occupancy, employment, recreation, manufacturing, commercial or other purposes, and has not been filed with the Department of Water Environment Protection, Division of Plumbing, any discharges from the premises shall be deemed prohibited discharges of wastewater into the sanitary sewer system and subject to enforcement pursuant to Section 19 of this Law until such Certification or Waiver has been obtained by the purchaser, and the original Certification and/or Waiver and/or Affidavit has been filed with the Onondaga County Department of Water Environment Protection, Division of Plumbing, in accordance with this Local Law.
- C. In the event that any person required to file a Certification of Inspection, a Waiver and/or an Affidavit has failed to do so, the Commissioner may take such action, including instituting administrative enforcement as provided in Section 19 of this Law or seeking

injunctive relief to correct any connection prohibited by this Local Law.

- D. Within twelve (12) months of the date of filing the original Certification of Inspection, the Owner shall either file an application for a Waiver or submit proof in Affidavit form to the Department of Water Environment Protection, Division of Plumbing, that all prohibited connections or sources of stormwater and/or groundwater discharged or inflow and infiltration to the combined or sanitary sewer system, as identified in said Certificate of Inspection, have been corrected, repaired and/or remediated.

If the Owner has filed an application for a Waiver, the Commissioner shall extend the time for compliance with the provisions of this subdivision if necessary for a reasonable period of time following a determination of the application.

- E. In the event that any person required to submit proof of correction, repair and/or remediation to the Plumbing Division fails to timely do so, the Commissioner may take such action, including instituting administrative enforcement against the Owner and/or may seek injunctive relief to correct any connection prohibited by this Local Law. Pursuant to the enforcement action, the Commissioner may take such steps, including imposition against the Owner of a mandatory schedule of repairs, sanctions and penalties, as provided in Section 19 of this Local Law.

Section 10. Remedies.

- A. The purchaser shall have sixty (60) days from the date of the transfer of title within which to notify the seller, or in the case of a Certification of Inspection, the Commissioner shall have one hundred twenty (120) days from the issuance of the Certification within which to notify the property owner, or the certifying entity or municipality, if the property has roof drains, sump pump connections or other prohibited sources of stormwater and/or groundwater discharged or inflow and infiltration to the combined or sanitary sewer system in violation of this Local Law.
- B. The existence of a civil remedy in favor of the purchaser against the seller shall not be construed as abridging the Commissioner's right to enforce this Local Law or as releasing either party from any obligations imposed by this Law, and shall be in addition to any other steps, including imposition of sanctions or penalties provided pursuant to Section 19 of this Law which may be imposed by the Commissioner against the party or parties determined responsible for violations of this Law and applicable Rules and Regulations.

Section 11. No Re-Connections or Creation of Sources of Infiltration.

Once a Certification of Inspection has been issued or once an Affidavit has been filed with the Department of Water Environment Protection, it shall be a willful and criminal violation of this Local Law for any person to reconnect roof drains, sump pumps or any other sources of prohibited stormwater and/or groundwater discharges to the sanitary sewer system and/or to construct or alter a lateral or other sewer in such a manner as to cause infiltration or inflow to the sanitary sewer system. Any person found to be in violation of this provision will be subject to criminal penalties in accordance with Section 19(B) of this Local Law.

Section 12. Public Works Programs for Abatement of Inflow from Existing Private Residences.

- A. When the Commissioner provides a written determination finding that capacity problems exist in a particular service area(s), and that such problems can be cost effectively abated by removing sources of inflow and infiltration, the Commissioner may recommend in the manner set forth in Article 11A of the Onondaga County Administrative Code, a program of public works to be undertaken by the District to abate such sources of inflow and infiltration.
- B. Such recommendations must be based upon a written determination that includes findings and a conclusion that:
 - (i) A public purpose is furthered thereby; and
 - (ii) That any benefit to private property is incidental to said public benefit; and
 - (iii) That said work is found to be a cost effective alternative to reduce inflow and infiltration in the impacted area.
- C. The County Legislature, following such hearings as may be required pursuant to Sections 11.54 and 11.55 of the Onondaga County Code, may approve or modify such recommendations as appropriate.
- D. If so approved by the County Legislature, such program of public works may include reimbursement to a municipality that has entered into an agreement with the County to undertake a program of public works to reduce inflow and infiltration to municipally-owned and operated facilities upon submission of a properly documented claim for payment.

Section 13. Consumer Protection and Public Education.

- A. All Inspection Certification forms shall include a Consumer Protection hotline telephone number, web address and email address for property owners to report suspected fraudulent inspection services activity related to stormwater inflow and infiltration disconnections.
- B. The Commissioner shall develop a public education campaign to inform the public of the County's efforts to reduce sanitary sewer overflows. Such a campaign shall also include a general description of the standard plumbing practices utilized to mitigate prohibited stormwater hookups and generally accepted prices for standard remediation efforts.

Section 14. Settlement of Claims for Certain Basement Backups.

- A. Unless otherwise agreed to by the Commissioner, following the adoption of this Local Law, if after an investigation or adjudication, the District agrees or is required to pay a claim for damages resulting from a residential basement backup of sewage, other than a backup occurring at a multiple dwelling as defined by Section 7 of the Multiple Dwellings Law, the owner of the property so affected shall install at the owner's expense

a backwater valve and take such other measures as may be required to eliminate or reduce the reoccurrence of another backup.

- B. It shall be a basis for denying payment of any subsequent claims and a defense against a subsequent claim for losses arising from another backup, that the owner or lessee of property has failed to install an approved backwater valve and other appurtenances designed to prevent a sewer backup that conforms to the New York State Building and Plumbing Code, as may be amended from time to time.

Section 15. Standards for Sewer Construction, Operation, Maintenance, Modifications and Related Provisions.

- A. No person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the designated authority of the municipality in which the connection is made. A copy of said permit must be forwarded to the Department of Water Environment Protection Commissioner within thirty (30) days prior to commencement of any work conducted pursuant to said permit. If the connection is made directly to a District trunk or interceptor sewer, written permission must be obtained from the Commissioner. Discharge of sewage shall not be made until all conditions stipulated by the Commissioner for connection are fulfilled and all necessary equipment is installed and operable, and approved in accordance with this Local Law.
- B. In any enforcement action by the Commissioner, it shall be an affirmative defense that the unauthorized connection was unavoidable, upon a showing that:
 - (i) A connection with or opening into, use, alteration, or disturbance of any public sewer or appurtenance thereof was unavoidable to prevent loss of life, personal injury, public health hazard, environmental degradation or severe property damage; and
 - (ii) There were no feasible alternatives to the connection, use, alteration, or disturbance of any public sewer or appurtenance thereof such as the use of auxiliary treatment facilities, retention of untreated wastes, or maintenance during normal period of equipment downtime. This condition is not satisfied if adequate backup equipment should have been installed in the exercise of reasonable engineering judgment to prevent an incursion of the public sewer or appurtenance thereof that occurred during normal periods of equipment downtime or preventive maintenance or if designed and installed backup equipment that could have prevented or mitigated the impact of the incursion of the public sewer or appurtenance thereof has been installed but is not operating during the unauthorized opening or incursion and the equipment was rendered inoperable due to improper maintenance and/or negligence, including negligent operation; and
 - (iii) That prior to any connection, the Commissioner is given oral notice of the need for an emergency connection; and
 - (iv) That within twenty-four (24) hours following the connection, the Commissioner is provided with a written explanation of the nature of the emergency which gave rise to the need for said connection.

- C. Prior to or as an aspect of the review of any applications for proposed construction, re-construction, development or re-development projects or the granting of approval, the municipality shall consult with or cause the project sponsor and/or project applicant to consult with the Commissioner on all issues related to the management of wastewater, stormwater and groundwater. Applications for approval of any proposed construction, re-construction, development or re-development projects and the granting of any approval by a municipality shall include all requirements, plans, specifications or other information or conditions related to the management of sewage, wastewater, stormwater and drainage, as recommended by the Commissioner.
- D. All costs and expenses incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify and hold harmless the County and the municipality into whose sewer system the connection is made from any loss, damage or expense, claims or suits arising out of or in connection with the installation and connection of the building sewer.
- E. A separate and independent building sewer shall be provided for every building, except where one building stands at the rear of another on the same lot, no private sewer is available or can be constructed to the rear building, and the whole must be considered as one building sewer with separate permits for each building.
- F. Existing building sewers may be used in connection with new buildings only when, on examination and test by the sewer or building inspector of the municipality in which the connection is made (or upon inspection by the Onondaga County Department of Water Environment Protection, Division of Plumbing), the existing sewer is found to meet all requirements of applicable municipal code and/or any standard promulgated by the Commissioner pursuant to Article 11A of the Onondaga County Administrative Code. Where cesspools or septic tanks are to be discontinued following connections to a public sewer, the owner shall have these cesspools or septic tanks promptly emptied and cleaned. Cesspools also shall be backfilled with earth, sand or other acceptable material.
- G. All sewer construction involving District or other publicly or privately owned sewers tributary thereto shall comply with such rules and regulations promulgated by the Commissioner pursuant to Article 11A of the Onondaga County Administrative Code and where specifically applicable, this Local Law. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the Commissioner before installation.
- H. "As-built" drawings of the sewer connection shall be provided to the Commissioner
- I. Except as specifically authorized by the Commissioner in accordance with the provisions of this Local Law, no person shall allow to remain connected roof downspouts or other sources of surface run-off or groundwater to a building sewer or building drain that in turn is connected directly or indirectly to a public sanitary sewer. In accordance with the provisions of Section 5(A) of this Law, footer drains, drain tiles or sub building drains installed prior to 1980 shall be allowed to remain connected.
- J. Except as specifically authorized by this Local Law, following the adoption of this Local Law, no person shall connect, or allow to be connected downspouts, exterior foundation drains, area drains, or other sources of surface run-off or groundwater to a building sewer

or building drain that in turn is connected directly or indirectly to a public sanitary sewer.

- K. No person shall connect, cause to be connected, or allow to remain connected a sanitary sewer to a separate storm sewer.

Section 16. Pre-Completion.

- A. No connection to the public sewer shall be made without prior approval and inspection by the designated inspector of the municipality in which the connection is made or the Onondaga County Department of Water Environment Protection, Division of Plumbing. If the connection is made directly to a County trunk or interceptor sewer, the connection shall be subject to inspection and approval by the Commissioner.
- B. Forty-eight (48) hours before any connection shall be covered, it shall be the duty of the applicant to notify the Department of Water Environment Protection that the connection is ready for inspection and such connection shall not be covered until it has been inspected and approved by a County and/or municipal representative, as appropriate. All sewer construction shall comply with the standards set forth in Section 15 of this Law.
- C. As more fully set forth and consistent with the provisions of Section 15(C) of this Law, applications for and municipal approval for all new residential and non-residential connections and residential subdivisions and/or approval of development or redevelopment projects shall be supplemented by any plans, specifications, or other information and conditions related to sewage, wastewater, stormwater and drainage considered pertinent in the judgment of the Commissioner.
- D. Whenever it shall appear to the Commissioner that wastewater collection and/or drainage impacts are not being adequately or timely addressed, in the approval process, the Commissioner, at his or her discretion, may withhold approval of permit(s) or connection(s) or to seek to enjoin the approval of such project(s) within the territorial jurisdiction of the Onondaga County Sanitary District on such terms as are just and proper until such issues are addressed to his/her satisfaction.

Section 17. Other Legal Requirements.

The issuance of a permit for the making of a connection shall not relieve the permittee or any person presuming to act under authority of such permit, from obtaining any additional permits required by law, ordinance or regulation, for the opening of streets or roads, the construction of buildings or the like.

Section 18. Abandonment of Existing Sewers and Connections.

In the event that a building that is connected to a City, Village or Town sewer is to be abandoned or demolished, or if the Certificate of Occupancy is withdrawn, the owner of the property and/or the person or entity carrying out the demolitions shall assure that the building sewer connection is to be disconnected at the property line. In the event that a property lot connected to a City, Village or Town sewer system is abandoned, such connection to the system is to be disconnected and alternate green measures as available are to be implemented to protect the sewer from infiltration and inflow entering the sewer lateral. The connection to the public sewer is to be plugged with a gastight and watertight plug in a manner approved by

the Commissioner in accordance with Section 15 of this Law. Prior to the start of any other work on the site, the sewer is to be disconnected, plugged and inspected, and a Plumbing Permit shall be issued by the Division of Plumbing to verify and inspect the proper disconnection and that a proper plug has been used to protect the sewer from infiltration and inflow entering the sewer lateral.

Section 19. Enforcement, Penalties and Waiver.

Pursuant to Article 11A of the Onondaga County Administrative Code, the provisions of Local Law #3 of 1983 and Articles 6 and 7 of the implementing regulations, the Commissioner has jurisdiction to, and may enforce the provisions of this Local Law.

- A. Any person who violates the provisions of Sections 5, 6, 7, 8, 9, 15, 16, 17 or 18 of this Law or who fails to perform any duty imposed by this Local Law, or any Order of the Commissioner promulgated hereunder, shall be liable to the County for a civil penalty not to exceed One Thousand Dollars (\$1,000.00) per day for each such violation. All penalties shall be assessed after a hearing held in conformance with the procedures set forth in Local Law #3 of 1983, and its implementing regulations, at Articles 6 and 7 thereof. Each violation of this Law shall be a separate and distinct violation and, in the case of a continuing violation, each day's continuance thereof shall be deemed a separate and distinct violation.
- B. Any person who violates the provisions of Section 11 of this Law shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not less than Five Hundred Dollars (\$500.00) nor more than One Thousand Dollars (\$1,000.00). Each offense shall be a separate and distinct offense, and, in the case of a continuing offense, each day's continuance thereof shall be deemed a separate and distinct offense.
- C. The Commissioner may grant a Waiver from the application of Sections 5(A), 9(B) and 15(I) of this Local Law if the Commissioner determines that factors exist which would render compliance unreasonable. Such factors may include the cost effectiveness of disconnection.
- D. Waivers shall be subject to such conditions or restrictions as may be necessary to minimize the adverse effects of the Waiver upon the public sewers and facilities owned and/or operated by the District and to ensure that the Waiver is consistent with the general purpose of this Law.

Section 20. Capacity Constraints.

- A. If the Commissioner makes a written determination that includes findings and a conclusion that one or more segments of the public sewer is exceeding its hydraulic or organic capacity at any time, or if the Commissioner makes a determination based on findings and a conclusion that the viability and integrity of a segment of the public sewer infrastructure is jeopardized, he/she may take such steps as may appear necessary under the circumstances until the conditions causing or contributing to the exceedance of the service area's hydraulic or organic capacity are corrected by the municipality owning the public sewers generating the flow causing or contributing to capacity limitations. Such correction may entail:

- (i) Development and implementation of a program of routine maintenance and cleaning of sewers;
 - (ii) Repairing of existing facilities;
 - (iii) Enlargement of existing facilities;
 - (iv) Construction of new facilities; and
 - (v) Correction of inflow and/or infiltration by the owners of laterals responsible therefore at the direction of and under the supervision of the municipality into whose sewers said laterals discharge.
- B. Whenever it shall appear to the approving municipality and/or to the Commissioner that elimination of capacity constraints will require significant capital improvements, the municipality and/or the Commissioner may condition approval of a proposed project upon the development and implementation by the municipality of a Plan to correct conditions that are causing or contributing to capacity limitations. Said Plan may include, as an interim measure, an Offset Plan that provides for a no-net increase in flow or an overall reduction in flow from the proposed project, as a condition of project approval.
- C. Subject to the approval of the County Executive and the County Legislature, the County may, to the extent of annual appropriations therefore, provide reimbursement to a municipality that has entered into an agreement with the County to undertake a program of Public Works to reduce wet weather capacity constraints in wastewater collection systems owned and operated by said municipality upon submission of a properly documented claim for payment.

Section 21. Intermunicipal Agreements.

The County Executive is hereby authorized to enter into such agreements to assure that maintenance and operation of publicly owned sewers owned by municipalities within the District conform to the provisions of this Law.

Section 22. Regulations.

Pursuant to Article 11A of the Onondaga County Administrative Code and the provisions of this Local Law, the Commissioner may promulgate such additional regulations, guidance documents, construction and operation standards and take such other actions, consistent with his/her authority, to implement this Local Law. Any regulations to be promulgated by the Commissioner in accordance with the provisions of Article 11A of the Onondaga County Administrative Code and this Local Law shall be subject to public notice and hearing in accordance with the provisions of Section 11.54 of the Onondaga County Administrative Code and in addition to the foregoing, shall provide for a period of no less than thirty (30) days during which the public shall be afforded an opportunity to submit written comments. Following the close of the period for public comment, the Commissioner shall promulgate the final regulations together with a responsiveness summary addressing issues raised by received public comments, if any. The final regulations shall be made available to the public electronically via the Department's website and in print upon request.

Section 23. Effective Date.

This Local Law shall take effect on the one hundred eightieth (180) day following its adoption and shall be filed pursuant to the provisions of the Municipal Home Rule Law.. Any determination made by the Commissioner pursuant to Section 5(D) of this Local Law shall take effect one hundred and eighty (180) days following provision of written notice of said determination by the Commissioner to the Onondaga County Executive, the Clerk of the County Legislature and the chief elected official of the affected community. Said written notice shall be provided by certified mail.

Section 24. Severability.

If any provision, sentence or clause of the Local Law is held unconstitutional, illegal or invalid by a court of competent jurisdiction, such findings shall not affect or impair any of the remaining provisions, sentences or clauses or their application to persons and circumstances.

Section 25. Repeal

Local Law Number 13 of 1989 is repealed.

LOCAL LAW 2 - 2011

A LOCAL LAW AMENDING THE ONONDAGA COUNTY ADMINISTRATIVE CODE IN
RELATION TO THE ONONDAGA COUNTY DIVISION OF COMMUNITY DEVELOPMENT
WITHIN THE OFFICE OF THE COUNTY EXECUTIVE

BE IT ENACTED BY THE ONONDAGA COUNTY LEGISLATURE OF THE COUNTY OF
ONONDAGA, NEW YORK, AS FOLLOWS:

Section 1. The Onondaga County Administrative Code, being Local Law No. 1 of 1975, as previously amended, hereby is further amended to add a new section 3.07A as follows:

Section 3.07A. DIVISION OF COMMUNITY DEVELOPMENT; DIRECTOR OF COMMUNITY DEVELOPMENT; APPOINTMENT; TERM; POWERS AND DUTIES. There shall be within the Office of the County Executive a Division of Community Development under the direction of a Director of Community Development, who shall be appointed by, be directly responsible to, and serve at the pleasure of, the County Executive. The Director shall be in the exempt class of civil service. Except as may otherwise be provided in the Charter or this Code, the Director shall:

- (a) cooperate with public and private agencies in the promotion of community development throughout the County; and
- (b) administer and implement grants and funding programs made available to the County for the purposes of community development; and
- (c) perform such other and related duties as may be required by the County Executive.

Section 2. Local Law No. 1 of 1975, as previously amended, hereby is further amended to strike section (e) from section 3.07.

Section 3. Local Law No. 1 of 1975, as amended, remains in effect in all other aspects. Any local law or resolution inconsistent with this local law is hereby amended to the extent necessary to comply with the intent of this local law.

Section 4. This local law shall take effect February 14, 2011, and shall be filed pursuant to the provisions of the Municipal Home Rule Law.

LOCAL LAW NO. 3 OF 2011

A LOCAL LAW ESTABLISHING A REAL PROPERTY TAX EXEMPTION FOR NON-RESIDENTIAL
REAL PROPERTY CONVERTED TO MIXED USE PROPERTY PURSUANT TO SECTION 485-a OF
NEW YORK REAL PROPERTY TAX LAW

BE IT ENACTED, by the Onondaga County Legislature of the County of Onondaga, as follows:

Section 1. The purpose of this Local Law is to provide for the real property tax exemption authorized by Section 485-a of the Real Property Tax Law of the State of New York. This Local Law shall be read in conjunction with the provisions of Section 485-a of the Real Property Tax Law to effectuate the authorized real property tax exemption.

Section 2. Definitions.

- (a) "Municipality" means a city, town or village located in the County of Onondaga, New York.
- (b) "Commercial construction work" means the modernization, rehabilitation, expansion or other improvement of the portion of mixed-use property to be used for commercial purposes.
- (c) "Commercial purpose or use" means the buying, selling or otherwise providing of goods or services, including hotel services, or other lawful business or commercial activities permitted in mixed-use property.
- (d) "Mixed-use property" means property on which will exist, after completion of residential construction work or a combination of residential construction work and commercial construction work, a building or structure used for both residential and commercial purposes.
- (e) "Residential construction work" means the creation, modernization, rehabilitation, expansion or other improvement of dwelling units, other than dwelling units in a hotel, in the portion of mixed-use property to be used for residential purposes.

Section 3. The County hereby provides that non-residential real property converted to mixed-use property, located in a city, town or village in the County of Onondaga that has adopted a local law providing for the residential-commercial urban exemption pursuant to Section 485-a of the New York State Real Property Tax Law, shall be exempt from county taxation and county special ad valorem levies in the same manner and to the same extent as provided for in said city, town or village local law.

Section 4.

- (a) For a period of twelve years from the approval of an application, the increase in assessed value of such property attributable to such conversion shall be exempt as provided herein. Such exemption shall be computed with respect to the "exemption base". The exemption base shall be determined for each year in which there is an increase in assessed value so attributable from that of the previous year's assessed value.

Year of Exemption	Percentage of Exemption
1 through 8	100% of exemption base
9	80% of exemption base
10	60% of exemption base
11	40% of exemption base
12	20% of exemption base

- (b) No such exemption shall be granted unless (i) such conversion was commenced subsequent to the date on which the municipality's local law took effect; and (ii) the cost of such conversion exceeds the amount specified in the local law of the municipality.

(c). For purposes of this section, the term conversion shall not include ordinary maintenance and repairs.

(d). No such exemption shall be granted concurrent with or subsequent to any other real property tax exemption granted to the same improvements to real property, except, where during the period of such previous exemption, payments in lieu of taxes or other payments were made in an amount that would have been equal to or greater than the amount of real property taxes that would have been paid on such improvements had such property been granted an exemption pursuant to this Local Law. In such case, an exemption shall be granted for a number of years equal to the twelve year exemption granted pursuant to this local law less the number of years the property would have been previously exempt from real property taxes.

Section 5. Severability. If any clause, sentence, paragraph, subdivision, section or part of this Local Law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, effect or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 6. This local law shall take effect upon filing pursuant to the provisions of the New York State Municipal Home Rule Law.

LOCAL LAW NO. 4 2011

A LOCAL LAW AUTHORIZING PAYMENT OUT OF THE 2011 COUNTY BUDGET FOR THE RELOCATION OF THE PATHOLOGIST FOR THE MEDICAL EXAMINER'S OFFICE IN THE CENTER FOR FORENSIC SCIENCES UP TO A MAXIMUM AMOUNT OF \$2,000

BE IT ENACTED BY THE COUNTY LEGISLATURE OF ONONDAGA COUNTY AS FOLLOWS:

Section 1. Findings/Purpose.

This Legislature hereby finds that pathology services are critical to the Medical Examiner's Office in the Center for Forensic Sciences. To perform these services, Onondaga County is actively recruiting to fill the position of Pathologist. However, prior searches to fill this position have revealed that qualified candidates were not always available locally. It may be necessary to pay for the successful candidate's actual and reasonable relocation expenses in order to attract him or her to Onondaga County. Therefore, this Legislature deems it appropriate to approve payment for the reasonable, actual, and necessary relocation expenses for the Pathologist position.

Section 2. This Legislature does hereby authorize payment up to a maximum amount of \$2,000 from the Onondaga County Budget for 2011 for the reasonable, actual, and necessary relocation expenses for the position of Pathologist; provided, however, that the newly-hired Pathologist agrees to repay the relocation expenses if he or she vacates that position within a period of one year from the date of hire.

Section 3. This local law shall take effect immediately upon filing in the Office of the Secretary of State pursuant to section 27 of the Municipal Home Rule Law.

Section 2. Separability. If any section, part or provision of this local law, including any part or provision relating to any district described herein, shall be adjudged invalid by a court of competent jurisdiction, such judgment shall: (1) be confined in its operation to the section, part or provision of this local law or the district or districts directly involved in the controversy in which such judgment shall have been rendered, (2) not affect or impair the validity of the remaining sections, parts, provisions or districts, and (3) not affect or impair the validity of the remaining apportionment or districting provided for in this local law. The Onondaga County Legislature hereby declares that it would have enacted this local law of such remaining parts, provisions or districts, had the invalidity of such part, provision or district been apparent at the time of such enactment.

Section 3. Construction. This local law shall be liberally construed to effectuate the purposes thereof and to apportion and district this county in compliance with the rulings of the United States Supreme Court.

It is intended that this local law and the districts described herein completely encompass all the area within the county. It is also intended that such districts apportioned on the basis of 2010 citizen population, contain all the citizens resident in this county. It is further intended that the apportionment and districting provided for in this local law result in the creation of districts containing substantially equal citizen population. It is also intended that no district shall include any of the area included within the description of any other district.

Section 4. This reapportionment plan is adopted and is subject to a permissive referendum pursuant to the provisions of Onondaga County Charter Section 207 and Onondaga County Administrative Code Section 2.17. A petition signed, authenticated and filed by qualified electors of the County, registered to vote therein at the last preceding general election, in number equal to at least 10 per centum of the total number of votes cast for governor at the last gubernatorial election in the County, as provided in subdivision one of Section 24 of the Municipal Home Rule Law, within 45 days of adoption of this local law, shall be sufficient to require the submission of a proposition for the approval of such local law at a referendum in accordance with such subdivision. Petition and referendum procedures, including criteria for establishing or challenging the validity of such petition, shall be in accordance with subdivision one of Section 24 of the Municipal Home Rule Law.

Section 5. This local law shall become effective upon adoption and filing with the New York State Secretary of State. Provided, however, that if within 45 days after its adoption there be filed with the Clerk of the County Legislature a petition protesting against such local law, signed and authenticated in the manner set forth in subdivision one of Section 24 of the Municipal Home Rule Law by qualified electors of the County, registered to vote therein at the last preceding general election, in number equal to at least 10 per centum of the total number of votes cast for governor at the last gubernatorial election in the County, then such local law shall not take effect until approved by the affirmative vote of a majority of the qualified electors of the County voting on a proposition for its approval.

LOCAL LAW NO. 6 - 2011

A LOCAL LAW AMENDING LOCAL LAW NO. (A) ADOPTED APRIL 15, 2011, REGARDING
THE REAPPORTIONMENT OF THE ONONDAGA COUNTY LEGISLATURE, TO CORRECT A
MINISTERIAL ERROR IN THE DESCRIPTIONS OF LEGISLATIVE DISTRICTS SEVENTEEN
AND TWELVE

BE IT ENACTED BY THE ONONDAGA COUNTY LEGISLATURE OF THE COUNTY OF
ONONDAGA, NEW YORK, AS FOLLOWS:

Section 1. The Onondaga County Legislature adopted Local Law (A) on April 15, 2011, providing for the reapportionment of the Onondaga County Legislature into seventeen legislative districts. It was the intention of this Legislature, in adopting said local law, to include within Legislative District Seventeen the entire area encompassed by Election District Ten, a map of which is on file with the Board of Elections. Due to a ministerial error, only a portion of said Election District Ten was included within Legislative District Seventeen, and a portion of said Election District Ten was included within Legislative District Twelve. The purpose of this local law is to correct that ministerial error.

Section 2. Local Law No. (A) adopted April 15, 2011, hereby is amended to strike the section entitled "TWELFTH LEGISLATIVE DISTRICT" and to insert the following:

All of the towns of Fabius, LaFayette, Pompey, and Tully and portions of the towns of DeWitt and Manlius and the City of Syracuse. The Town of DeWitt and City of Syracuse portions are bounded by a line described as follows: BEGINNING at the intersection of the eastern city line of the City of Syracuse which is coincident with the western town line of the Town of DeWitt and the centerline of East Colvin Street; thence westerly along said centerline to its intersection with the centerline of Skytop Road and the elongation of Vincent Street; thence westerly along said elongation to the centerline of Vincent Street; thence westerly along said centerline to its intersection with the centerline of Jamesville Avenue; thence southeasterly along said centerline to its intersection with the elongation of the city line of the City of Syracuse which is coincident with the northern town line of the Town of Onondaga; thence easterly along said elongation to the city line of the City of Syracuse; thence easterly along said city line of the City of Syracuse to its intersection with the western town line of the Town of DeWitt; thence southerly along said town line of the Town of DeWitt to its intersection with the northern town line of the Town of LaFayette; thence easterly along said town line of the Town of DeWitt to its intersection with the western town line of the Town of Manlius which is coincident with the eastern town line of the Town of DeWitt; thence northerly along the easterly town line of the Town of DeWitt to its intersection with the centerline of Woodchuck Hill Road; thence westerly along said centerline to its intersection with the centerline of Old Quarry Road; thence northeasterly along said centerline to its intersection with the centerline of Bridle Path Road; thence northerly along said centerline to its intersection with the centerline of Colonial Drive; thence westerly and northerly along said centerline to its intersection with the centerline of Bridle Path Road; thence northerly along said centerline to its intersection with the centerline of East Genesee Street; thence northwesterly along said centerline to its intersection with the centerline of Maple Drive; thence southerly along said centerline to its intersection with the centerline of Woodchuck Hill Road; thence westerly along said centerline to its intersection with the centerline of Jamesville Road; thence northerly along said centerline to its intersection with the centerline of Quintard Road; thence northwesterly along said centerline to its intersection

with the centerline of Peck Hill Road; thence northerly along said centerline to its intersection with the centerline of Randall Road; thence northeasterly along said centerline to its intersection with the centerline of Kimber Road; thence northerly along said centerline to its intersection with the city line of the City of Syracuse which is coincident with the northern town line of the Town of DeWitt; thence westerly and southerly along said city line of the City of Syracuse to the point of beginning. The Town of Manlius portion is that part of the Town of Manlius bounded by a line described as follows: BEGINNING at a point at the intersection of the southern town line of the Town of Manlius which is coincident with the northern town line of the Town of Pompey and its intersection with the centerline of Cazenovia Road (Route 92); thence northwesterly along said centerline to its intersection with the southern village line of the Village of Manlius; thence westerly and southerly along said village line of the Village of Manlius to its intersection with the centerline of Watervale Road; thence southerly along said centerline to its intersection with the northern town line of the Town of Pompey; thence easterly along said town line of the Town of Pompey to the point of beginning.

Section 3. Local Law No. (A) adopted April 15, 2011, hereby is amended to strike the section entitled "SEVENTEENTH LEGISLATIVE DISTRICT" and to insert the following:

Portions of the Town of DeWitt and the City of Syracuse: BEGINNING at a point at the intersection of the city line of the City of Syracuse and the centerline of Thompson Road; thence southerly along said centerline to its intersection with the city line of the City of Syracuse; thence westerly along said city line to a northerly elongation of the city line parallel to Smith Street; thence northerly along said elongation of the city line of the City of Syracuse to its intersection with the centerline of Erie Boulevard East; thence westerly along said centerline to its intersection with the centerline of Westmoreland Avenue; thence southerly along said centerline to its intersection with the centerline of Lexington Avenue; thence westerly along said centerline to its intersection with the centerline of Westcott Street; thence southerly along said centerline to its intersection with the centerline of East Genesee Street; thence westerly along said centerline to its intersection with the centerline of Pine Street; thence northerly along said centerline to its intersection with the centerline of Ashworth Place; thence westerly along said centerline to its intersection with the centerline of University Avenue; thence southerly along said centerline to its intersection with the centerline of East Adams Street; thence westerly along said centerline to its intersection with the centerline of South Crouse Avenue; thence southerly along said centerline to its intersection with the centerline of University Place; thence easterly along said centerline to its intersection with the centerline of College Place; thence southerly along said centerline to its intersection with the centerline of Euclid Avenue; thence easterly along said centerline to its intersection with the centerline of Comstock Avenue; thence southerly along said centerline to its intersection with the centerline of East Colvin Street; thence easterly along said centerline to its intersection with the western town line of the Town of DeWitt coincident with the city line of the City of Syracuse; thence northerly and easterly along said city line of the City of Syracuse to its intersection with the centerline of Kimber Road; thence southerly along said centerline to its intersection with the centerline of Randall Road; thence southwesterly along said centerline to its intersection with the centerline of Peck Hill Road; thence southeasterly along said centerline to its intersection with the centerline of Quintard Road; thence easterly along said centerline to its intersection with the centerline of Jamesville Road; thence southerly along said centerline to its intersection with the centerline of the Jamesville Road On-Ramp to Interstate 481 North; thence northeasterly along said centerline to its intersection with the centerline of

LOCAL LAW NO. 7 - 2011

A LOCAL LAW ESTABLISHING A GRANT FUND FOR TOWNS, VILLAGES, AND FIRE DISTRICTS LOCATED WITHIN ONONDAGA COUNTY TO EXPLORE OPPORTUNITIES FOR SHARED SERVICES

BE IT ENACTED BY THE ONONDAGA COUNTY LEGISLATURE OF THE COUNTY OF ONONDAGA, NEW YORK, AS FOLLOWS:

Section 1. Findings/Purpose. In an attempt to reduce taxes, many local governments are looking for new ways to gain greater efficiencies in providing services to their constituents while maintaining the quality level of such services. Some of these local governments would like to explore opportunities for cooperation with other government entities and share in the provision of such services, but the costs related to conducting these studies may be prohibitive. To encourage innovation and creativity in finding solutions, the county will make grant funds available to selected municipalities for such studies, the results of which may be reproducible and may inspire further cooperation in other local governments within Onondaga County for the benefit of the County's taxpayers.

Section 2. Program Establishment. This Onondaga County Legislature hereby authorizes the County Executive to enter into agreements with selected towns, villages, and fire districts in Onondaga County to provide financial assistance in an amount up to \$5,000 per study. The amount of the grant provided by the County shall not exceed fifty percent of the total cost of the study. Such grants would be made for the purpose of enabling the selected towns, villages and fire districts to study methods of consolidation and to promote shared services among other government entities. The selected towns, villages, and fire districts are encouraged to share the results of any final reports generated using such grant funds with the County and with other municipalities. This program shall continue in effect until terminated by future act of this Legislature and shall be subject to annual appropriations.

Section 3. Eligibility. All towns, villages, and fire districts located in Onondaga County shall be eligible to submit proposals to the Office of the County Executive to be considered for funding consistent with the purpose of this local law. The Office of the County Executive shall develop a program protocol within thirty days of the adoption of this local law, which protocol shall provide guidelines for application and participation and shall further provide for the management of the program. Such proposals may be considered on a rolling basis. A copy of such protocol shall be provided annually to the Chair of the Ways and Means Committee of this Legislature.

Section 4. Submission of Proposals. The Clerk of this Legislature hereby is directed to transmit copies of this local law to each of the towns, villages, and fire districts in Onondaga County so that such municipalities may develop proposals for submission to the Office of the County Executive for consideration

Section 5. Effective Date. This local law shall take effect immediately and shall be filed pursuant to the provisions of Municipal Home Rule Law.

LOCAL LAW NO. 8 - 2011

A LOCAL LAW AMENDING LOCAL LAW NO. 11-1990, AS AMENDED BY LOCAL LAW NO. 19-1991, AUTHORIZING THE LEASE AND SUBLEASE OF COUNTY PROPERTY FOR OPERATION OF THE ERIE CANAL MUSEUM

BE IT ENACTED BY THE ONONDAGA COUNTY LEGISLATURE OF THE COUNTY OF ONONDAGA, NEW YORK, AS FOLLOWS:

Section 1. The County of Onondaga continues to recognize the important role that the Erie Canal Museum serves in maintaining the only existing weighlock building in the United States, preserving our rich local history, and educating visitors on the significant impacts of the Erie Canal.

Section 2. By Local Law No. 11-1990, as amended by Local Law No. 19-1991, the County of Onondaga authorized the lease of property to the Erie Canal Museum, Inc., to be used as a Canal Museum and Visitor Center.

Section 3. It is necessary to provide for revised lease terms and to amend said local law.

Section 4. The County hereby authorizes the lease to Erie Canal Museum, Inc. of the buildings known as the LaManna Building and the Weighlock Building, and the Visitor Center (also referred to as the Urban Cultural Park), located at Erie Boulevard East in the City of Syracuse (collectively, the "property"). Erie Canal Museum, Inc. shall use and operate the property as a Canal Museum and Visitor Center. The County further authorizes a sublease of the Visitor Center from Erie Canal Museum, Inc. to the City of Syracuse, as the State requires the City to retain a proprietary interest in the Visitor Center. The term of the lease and sublease shall be from the date of execution and continue through December 31, 2015. Said lease and sublease shall automatically renew for a term to extend through December 3, 2020, provided that the County enacts a local law providing for such renewal. Provided, however, that the County Executive may terminate the lease of the LaManna Building at any time by providing ninety days advance written notice. The consideration for the lease and sublease of the property shall be in the amount of one dollar, payment waived.

Section 5. Local Law No. 11-1990, as amended by Local Law No. 19-1991, hereby is amended to reflect the foregoing.

Section 6. A review of applicable State Environmental Quality Review Act (SEQRA) regulations, establishes that this action is exempt from further review.

Section 7. The Onondaga County Executive, or her designee, is authorized to enter into agreements and execute documents for the lease of the above described premises and to implement the intent of this local law.

Section 8. This Local Law shall is subject to permissive referendum and shall take effect upon filing and in accordance with Sections 20, 21, and 24 of the Municipal Home Rule Law.

LOCAL LAW NO. 9 - 2011

A LOCAL LAW AUTHORIZING THE LEASE OF COUNTY PROPERTY TO THE ONONDAGA
COMMUNITY COLLEGE HOUSING DEVELOPMENT CORPORATION FOR THE
CONSTRUCTION AND OPERATION OF A DORMITORY FACILITY FOR USE BY ONONDAGA
COMMUNITY COLLEGE STUDENTS AND PROGRAM PARTICIPANTS

BE IT ENACTED BY THE ONONDAGA COUNTY LEGISLATURE OF THE COUNTY OF
ONONDAGA, NEW YORK, AS FOLLOWS:

Section 1. The County of Onondaga is the owner of a certain parcel of land (the property) located along Onondaga Road and Velasko Road in the Town of Onondaga, being approximately 60.66± acres, Tax Map No. 017.-01-07.1. Such property, excepting the portion of the property consisting of Hillbrook Detention Center, was transferred to Onondaga Community College for college purposes by Local Law No. 19-2007 and was dedicated to be held in trust by the County for the College by Resolution No. 210-2007.

Section 2. Onondaga Community College Housing Development Corporation (OCCHDC) is a not-for-profit local development corporation formed for the purpose of developing, operating and maintaining dormitory facilities on the Onondaga Community College campus. To carry out this purpose the OCCHDC has proposed, in conjunction with Onondaga Community College, to lease from the County, approximately 8.98± acres of the above described property for the development of a dormitory facility.

Section 3. Said property is not currently required for use by the County and the County is authorized to lease said property to the OCCHDC in accordance with §1411 of the New York State Not-for-Profit Corporations Law.

Section 4. In leasing the property for purposes of developing, operating, and maintaining a dormitory facility for the benefit of the Onondaga Community College students and program participants, the OCCHDC is lessening the burdens of government by relieving the County of the costs associated with such actions.

Section 5. The County Executive is hereby authorized to execute a lease with the Onondaga Community College Housing Development Corporation for a certain parcel of land located along Onondaga Road and Velasko Road in the Town of Onondaga, being approximately 8.98± acres, which portion does not include the portion of the property consisting of Hillbrook Detention Center, for a term not to exceed thirty five (35) years or the date upon which the bonds to finance the project are paid off, whichever date first occurs, for an annual rent of one dollar (\$1.00). Said property is more particularly described in a legal description on file with the Clerk of this Legislature.

Section 6. Local Law No. 19-2007 and Resolution No. 210-2007, and any other local law or resolution dealing with said property, remain in effect and are hereby amended to the extent necessary to be consistent with this local law.

Section 7. This local law shall is subject to permissive referendum and shall take effect upon filing and in accordance with Sections 20, 21, and 24 of the Municipal Home Rule Law.

LOCAL LAW NO. 12 - 2011

A LOCAL LAW PROVIDING FOR THE DEFENSE AND INDEMNIFICATION OF THE DIRECTORS
OF THE ONONDAGA COUNTY CONVENTION CENTER WAR MEMORIAL COMPLEX
MANAGEMENT CORPORATION

BE IT ENACTED, BY THE ONONDAGA COUNTY LEGISLATURE OF THE COUNTY OF
ONONDAGA, AS FOLLOWS:

Section 1. Findings/Purpose. Onondaga County owns the Onondaga County Convention Center/War Memorial Complex (Oncenter Complex), a facility which hosts various events, including athletics, concerts, conventions and other related business for the purpose of promoting economic development in Onondaga County and, particularly, the downtown area, including its hotels, shops, and restaurants. In order to provide for the efficient and professional operation of the Oncenter Complex, the County has entered into a Management Agreement, dated October 2007, with the Onondaga County Convention Center/War Memorial Complex Management Corporation (Corporation) for management of the Oncenter Complex, with it being the sole purpose of the Corporation to manage this county-owned facility. The Corporation's board members are elected from among a pool of candidates appointed in part by Onondaga County and serve without compensation. By Resolutions Nos. 135 – 2010 and 208 – 2010, this Onondaga County Legislature has approved several amendments to such agreement to support the Corporation in providing its management services to the County. To promote future civic involvement and as recognition for the valuable service provided to the County, this local law provides the Corporation's board members with defense and indemnification from lawsuits arising from actions committed by those board members within the scope of their official duties.

Section 2. (a) Onondaga County shall provide for the defense of any director of the Onondaga County Convention Center/War Memorial Complex Management Corporation (Corporation) in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the director was acting in good faith within the scope of such director's public employment or duties as shall be determined by the Onondaga County Attorney. This duty to provide a defense shall not arise in conjunction with a criminal or quasi criminal proceeding. This local law extends defense and indemnification benefits only to the Corporation's directors. An employee of the Corporation is not an employee of Onondaga County and is not covered by the provisions of this local law.

(b) The director shall be entitled to be represented by private counsel of such director's choice in any civil action or proceeding whenever the Onondaga County Attorney determines that a conflict of interest exists, or whenever a court, upon appropriate motion or otherwise by a special proceeding, determines that a conflict of interest exists and that the director is entitled to be represented by counsel of the director's choice, provided, however, that the Onondaga County Attorney may require, as a condition to payment of the fees and expenses of such representation, that appropriate groups of such directors be represented by the same counsel. Reasonable attorneys' fees and litigation expenses shall be paid by Onondaga County to such private counsel from time to time during the pendency of the civil action or proceeding with the approval of the Onondaga County Legislature.

(c) Any dispute with respect to representation of multiple directors by a single counsel or the amount of litigation expenses or the reasonableness of attorneys' fees shall be resolved by the court upon motion or by way of a special proceeding.

(d) Where the director delivers process and a written request for a defense to Onondaga County under Section 4 of this local law, the County shall take the necessary steps on behalf of the director to avoid entry of a default judgment pending resolution of any question pertaining to the obligation to provide for a defense.

(e) Upon a finding by a Court of competent jurisdiction that any director engaged in acts of intentional misconduct, or that said actions subject the director to punitive or exemplary damages, or that such actions were outside the scope of employment of the director, or that the director is otherwise not entitled to defense and indemnification, then the County Attorney shall consider the initiation of an action in good faith to recover any moneys expended by the County for representation of the director by private counsel.

Section 3. (a) Onondaga County shall indemnify and save harmless the Corporation's directors in the amount of any judgment obtained against such directors in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which such judgment or claim arose occurred while the director was acting within the scope of the director's public employment or duties; provided further, that in the case of a settlement the duty to indemnify and save harmless shall be conditioned upon the approval of the amount of settlement by the Onondaga County Legislature where required.

(b) Except as otherwise provided by law, the duty to indemnify and save harmless prescribed by this subdivision shall not arise where the injury or damage resulted from bad faith, recklessness, criminal act, or was otherwise not within the director's scope of duties for the County.

(c) Nothing in this subdivision shall authorize Onondaga County to indemnify or save harmless a director with respect to punitive or exemplary damages, fines or penalties, or money recovered from a director pursuant to Section 51 of the General Municipal Law.

(d) Upon entry of a final judgment against the director, or upon the settlement of the claim, the director shall serve a copy of such judgment or settlement, personally or by certified or registered mail within thirty days of the date of entry or settlement, upon the Onondaga County Attorney; and if not inconsistent with the provisions of this section, the amount of such judgment or settlement shall be paid by Onondaga County.

Section 4. The duty to defend or indemnify and save harmless prescribed by this section shall be conditioned upon: (i) receipt by the Onondaga County Attorney of the original of a summons, complaint, process, notice, demand, or pleading immediately upon the director being served with such document, but in no event later than 3 days thereafter, along with a written request for defense; and (ii) the full cooperation of the director in the defense of such action or proceeding and in defense of any action or proceeding against Onondaga County based upon the same act or omission, and in the prosecution of any appeal. Should the director fail or refuse to cooperate in the defense of the matter subsequent to the assumption of defense by the County, the County may withdraw its representation and duty to indemnify and/or defend upon ten days written notice to the director.

Section 5. The benefits of this section shall inure only to directors as defined herein and shall not enlarge or diminish the rights of any other party nor shall any provision of this section be construed to affect, alter or repeal any provision of the workers' compensation law.

Section 6. This section shall not in any way affect the obligation of any claimant to give notice to Onondaga County under Section 10 of the Court of Claims Act, Section 50-e of the General Municipal Law, or any other provision of law.

Section 7. Onondaga County is authorized and empowered, but not obligated, to purchase insurance from any insurance company created by or under the laws of this state, or authorized by law to transact business in this state, against any liability imposed by the provisions of this section, or to act as a self-insurer with respect thereto.

Section 8. All payments made under the terms of this section, whether for insurance or otherwise, shall be deemed to be for a public purpose and shall be audited and paid in the same manner as other public charges.

Section 9. The provisions of this section shall not be construed to impair, alter, limit or modify the rights and obligations of any insurer under any policy of insurance.

Section 10. Except as otherwise specifically provided in this section, the provisions of this section shall not be construed in any way to impair, alter, limit, modify, abrogate or restrict any immunity to liability available to or conferred upon any unit, entity, officer or employee of Onondaga County by, in accordance with, or by reason of, any other provision of state or federal statutory or common law.

Section 11. If any provision of this local law or the application thereof to any person or circumstance be held unconstitutional or invalid in whole or in part by any court, such holding of unconstitutionality or invalidity shall in no way affect or impair any other provision of this section or the application of any such provision to any other person or circumstance.

Section 12. Resolution No. 168 - 1990, as previously amended, continues in effect unaffected by this local law.

Section 13. If the Corporation has any insurance for claims covered by this local law, the coverage provided through this local law shall be excess over such insurance, regardless of whether such insurance is collectible or designated as primary or excess.

Section 14. This local law shall take effect immediately with respect to any action of claim initiated or made on or after the date of passage of this local law. Further, this local law shall be filed pursuant to the provisions of the New York State Municipal Home Rule Law.
