The Onondaga County Personnel Department is continuing its efforts to consolidate all County payroll processing functions within the Personnel Department. To date, the Personnel Department has assumed payroll processing duties for the following departments: Adult & Long-Term Care, Board of Elections, Community Development, Children and Family Services, Social Services – Economic Security, Diversity & Inclusion, Economic Development, Facilities Management, Health, Information Technology, Law, OCPL, Parks & Recreation, Personnel, Planning, Probation, Purchasing, Veterans Service Agency. The consolidation to date has resulted in a more consistent application of the terms and conditions of employment as established by the various collective bargaining agreements, as well as greater efficiencies of work product, as these 19 departments are serviced by only seven (7) payroll clerks.

The consolidation of these payrolls has been accomplished, to date, with the existing staff within the Personnel Department. However, future consolidation, including this next planned phase, will necessitate the transfer of employees from other departments engaged in payroll processing to the Personnel Department. Therefore, since Water Environment Protection (WEP) is the next payroll to be consolidated, the resolution before you would authorize the transfer, under New York State Civil Service Law § 70.2, of two positions from the WEP roster to the Personnel roster. The positions are occupied, and the incumbents would therefore become Personnel Department employees. Upon transfer, these two employees would remain in their current titles, but would eventually be converted to payroll series titles that provide a career path.
