Other Mandated Programs	\$(1,075,000)

Mandates

Special Children Services – Preschool and Early Intervention have both seen an increase in the number of children receiving services along with NYS rate increases

Foster Care – Reflects elevated caseloads, higher placement costs driven by the level of care required, and State-approved provider rate increases, including a 6% increase in 2026

Juvenile Delinquents – Costs are largely driven by court-ordered placements and the level of services required for youth involved in the juvenile justice system

Family Assistance – Costs are increasing due to higher caseloads and actual costs of the benefits provided for eligible families receiving temporary assistance

Day Care – Expanded eligibility, allowing for increased paid absences, and market rate increases. Increased State funding keeps local dollars at the required maintenance of effort contribution
