INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Onondaga Tobacco Asset Securitization Corporation
Syracuse, New York

We have audited the accompanying financial statements of the governmental activities and the major fund of the Onondaga Tobacco Asset Securitization Corporation ("Corporation"), a blended component unit of the County of Onondaga, New York as of and for the year ended December 31, 2010 as listed in the table of contents. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the major fund of the Onondaga Tobacco Asset Securitization Corporation at December 31, 2010, and the results of its operations for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 30, 2011 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

The management's discussion and analysis is not a required part of the financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion thereon.

A handwritten signature in black ink, appearing to read "Preston Marshall". The signature is fluid and cursive, with a large initial "P" and a long, sweeping underline.

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

Our discussion and analysis of Onondaga Tobacco Asset Securitization Corporation's (the Corporation) financial performance provides an overview of the Corporation's financial activities during 2010. It should be read in conjunction with the financial statements and their associated notes that follow this section to properly evaluate the Corporation's financial position. The financial statements present only the information for the year ended December 31, 2010.

FINANCIAL HIGHLIGHTS

As discussed further in the notes to the financial statements, the Corporation was formed to acquire from the County of Onondaga all future right, title and interest in the Tobacco Settlement Revenues (TSRs) under the Master Settlement Agreement (MSA) with respect to tobacco related litigation among various states and participating manufacturers. The Corporation is a component unit of Onondaga County and, accordingly, is included in the County's financial statements as a blended component unit. The Corporation is classified as a special-purpose government under *GASB Statement No. 14* and consists of one governmental fund. The fund and government-wide financial statements are presented together and include a reconciliation of the individual line items between the two statement types in a separate column.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. The statement of net assets and statement of activities provide information about the Corporation's activity and present a long-term view of the Corporation's finances. The fund financial statements tell how the governmental activity's services were financed in the short term as well as what remains for future spending.

REPORTING THE CORPORATION AS A WHOLE

Government-Wide Financial Statements

The Corporation presents its government-wide financial statements as the statement of net assets and the statement of activities. These include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

REPORTING THE CORPORATION AS A WHOLE (CONT'D)

Government-Wide Financial Statements (Cont'd)

These two statements report the Corporation's net assets and changes in them. You can think of the Corporation's net assets, the difference between assets and liabilities, as one way to measure the Corporation's financial health or financial position. Over time, increases or decreases in the Corporation's net assets are one indicator of whether its financial health is improving or deteriorating.

Below is a condensed version of the government-wide financial statements for the years ended December 31:

	<u>2010</u>	<u>2009</u>
Assets	\$ 11,872,925	\$ 11,952,181
Liabilities	134,795,894	134,355,834
Net Deficit	(122,922,969)	(122,403,653)
Revenues	7,515,782	8,313,612
Expenses	8,035,097	8,120,108
Change in Net Deficit	(519,315)	193,504

The Corporation's assets decreased by approximately \$80,000 and the Corporation's liabilities increased by approximately \$440,000. Net deficit increased by approximately \$520,000 or 269%.

The most significant variance between years was in program revenues. Under the Master Settlement Agreement, the tobacco companies are required to make annual payments to the Corporation. During 2010, approximately \$7.1 million in tobacco revenues were received compared to \$7.8 million in 2009. Year-to-year variance in expenses was minor with 2010 expenses declining by approximately \$85,000.

During the year ended December 31, 2010, no new bonds were issued and no distributions were made to the County. However, during 2010, interest expense of \$2,451,138 was accreted on the Series 2005 bonds, while approximately \$2,490,000 was accreted during 2009. The lower revenues and the accreted interest combined to result in the net deficit.

No residual payments have been made to the County since 2003 due to the trapping events that occurred. Under a trapping event, those monies that would have been paid out to the County are now required to fund a trapping account as required by the Corporation's Indenture. In addition, as a result of the issuance of the 2005 Series Bonds, the County relinquished the right to use these monies for anything other than Corporation debt retirement.

The recognition of the bonds payable liability in 2001 and 2005 has created a deficit in the Corporation's net assets. The deficit is expected to be satisfied over time as the tobacco settlement proceeds are received.

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

REPORTING THE CORPORATION AS A WHOLE (CONT'D)

Fund Financial Statements

A governmental entity can have various types of funds such as governmental and proprietary. The Corporation only has one fund, the debt service fund, which is a governmental fund.

Governmental funds focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Corporation's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Corporation's programs.

Below is a condensed version of the fund financial statement for the years ended December 31:

	2010	2009
Assets	\$ 8,718,708	\$ 8,709,195
Liabilities	\$ -	\$ -
Fund Balance	\$ 8,718,708	\$ 8,709,195
Revenues	\$ 7,515,782	\$ 8,313,612
Expenditures	\$ 7,506,269	\$ 11,752,950
Excess (Deficiency) of Revenues over Expenditures	\$ 9,513	\$ (3,439,338)

The most significant variance between years was in revenues and expenditures. In 2010, approximately \$7.1 million in tobacco revenues were received compared to \$7.8 million in 2009, a drop of 7.7%. Under the Master Settlement Agreement, the tobacco companies are required to make annual payments to the Corporation. Interest earnings decreased \$46,000 due primarily to the low interest rate environment. Expenditures in 2010 were approximately \$4.2 million lower than the previous year. The payments from the tobacco companies continued to decline, and in 2010, for the first time, the Corporation was not able to make the full super-sinker payment on the 2001 bonds. Projected principal payment was \$2,645,000, but actual was only \$2,000,000. Also in 2009, the Trapping Account release resulted in the payment of \$2,876,000 principal and \$769,000 interest on the 2005 NYCTT issue. There were no unanticipated funds to make a payment on 2005 bonds during 2010. In 2010, the Corporation's principal and interest payments on the bonds decreased approximately \$4.2 million from the prior year.

The debt service fund has two distinct fund balances: reserved for debt service and unreserved-undesignated. Unreserved-undesignated fund balance is generated from general operations and is not restricted in use. Fund balance reserved for debt service results from monies set aside for future payment of the bond principal and interest.

(Continued)

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

REPORTING THE CORPORATION AS A WHOLE (CONT'D)

Unlike the government-wide financial statements, in the fund financial statements, the bond payable is not recognized as a liability as it is long-term in nature. Because of this, there is not the issue of the large fund balance deficit under this methodology that is present in the government-wide presentation.

Long-Term Debt Activity

The Corporation-issued debt will be repaid by its purchases from the County of the future right, title and interest in the Tobacco Settlement Revenues. Serial Bonds principal payments are due annually and interest semiannually. At December 31, 2010, the Corporation had \$134,348,713 in bonds outstanding, a 0.3% increase from the previous year. The \$2,000,000 principal payments made in 2010 were offset by the interest accretion of approximately \$2,451,000 million on the 2005 bonds.

Analysis of Overall Financial Position

Under the government-wide methodology, the Corporation showed a decrease to its net assets. This decrease results from the tobacco settlement proceeds and interest income providing insufficient revenue to meet the Corporation's current expenditure/expense demands. Specifically, the government-wide financial statements show an increase to the Corporation's net deficit of \$519,315. The Corporation is slightly behind the expectations of the super sinker payment structure due to lower tobacco revenues in 2010, but otherwise is fully meeting its mandatory obligations.

Budget

GASB 34 requires an analysis of significant variants between the original budget and final budget amounts and between final budget amounts and actual budget results. Management has prepared a budget for its operating expenses only, and there were no changes or amendments to the operating budget. Because the budget is not a complete budget, comparison to current operations could be misleading. As such, it has not been presented in this report.

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

REPORTING THE CORPORATION AS A WHOLE (CONT'D)

Other Known Facts

Two trapping events have occurred and neither is continuing. The first was a Downgrade Trapping event that occurred in 2003. According to the Master Settlement Agreement (MSA), each of the four original participating manufacturers (OPM) had a market share of 7% or more in 2003. The credit ratings of each were monitored. The rating of R.J. Reynolds Tobacco Holdings, Inc. was below the allowable threshold as described in the Official Statement, therefore a downgrade-trapping event occurred. However, in 2009, the rating of R.J. Reynolds returned to the necessary level and the Downgrade Trapping event is no longer occurring. The second trapping event occurred in 2004 when the non-participating manufacturers (NPM) market share was greater than 7% in 2003. According to the MSA Report, the NPM Market Share in the year 2005 and subsequently has been less than 7%, and, therefore, the NPM Trapping Event is no longer occurring. Whenever a trapping event exists, the Corporation is required to withhold residual payments to the County until the time that the trapping events have been resolved. Those payments to the County that would have been made on the Residual Certificate are now required to be deposited into a trapping account to the extent required by the Corporation's Indenture.

As a result of the issuance of the 2005 Series Bonds, the County relinquished the right to use these monies for anything other than Corporation debt retirement. Since the trapping events were satisfied in 2009, the \$3.6 million in the NYCTTII Trapping account was released and used to make the first payment on the 2005 bonds. Based on the turbo redemption structure of the issue, \$769,000 was used to pay interest and \$2,876,000 was used to redeem \$19,655,000 in principal during 2009. No funds were available to make debt service payments on the 2005 bonds during 2010.

Contacting the Corporation's Financial Management

This financial report is designed to provide to the readers of these financial statements an overview of the Corporation's finances and to show the Corporation's accountability for the money it received. If you have questions about this report or need additional financial information, contact the Corporation's President, James Rowley at 421 Montgomery Street, Syracuse, NY 13202.

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Onondaga Tobacco Asset Securitization Corporation have been prepared in conformity with accounting principles generally accepted in the United States of America. Those principles are prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity

The Onondaga Tobacco Asset Securitization Corporation (the "Corporation") is a Not-For-Profit Local Development Corporation under Section 1411 of the Not-For-Profit Corporation Law of the State of New York. The Corporation was established on July 3, 2001 and became active August 8, 2001.

The Corporation is primarily dependent on the future proceeds from the Tobacco Settlement Rights ("TSRs") to meet future obligations under the indenture agreement. The collections of the Corporation will be comprised of TSRs remaining after payment on prior bonds and earnings on funds held by the trust.

The Corporation was formed to acquire from the County of Onondaga ("County") all future rights, title and interest in the Tobacco Settlement Revenues under the Master Settlement Agreement (MSA) with respect to tobacco related litigation among various states and participating manufacturers. The County's future right, title and interest in the TSRs has been pledged to repay the serial bonds issued by the Corporation. The County is the beneficial owner of the Trust and thus the funds received by the Trust will ultimately transfer to the County.

The Corporation is classified as a special purpose government under GASB Statement No. 14. A special purpose government is defined as a legally separate entity that performs only one activity. Although legally separate from the County, the Corporation is a component unit of the County, and accordingly, is included in the County's financial statements as a blended component unit.

Basis of Presentation

The Corporation is classified as a single-program special-purpose government. Consistent with governmental accounting and financial reporting principles, the fund and government-wide financial statements are presented together and include a reconciliation of the individual line items between the two statement types in a separate column.

(Continued)

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Basis of Presentation (Cont'd)

Fund Financial Statements

The fund financial statements provide information about the Corporation's fund. The emphasis of fund financial statements is on major governmental funds.

Government-Wide Statements

The statement of net assets and statement of activities present financial information about the Corporation's governmental activities. These statements include the financial activities of the Corporation.

The Corporation reports the debt service fund as its major governmental fund. This fund is used to account for and report on the accumulation of resources to be used for redemption of general long-term indebtedness and supports the operations of the Corporation.

Measurement Focus and Basis of Accounting

The fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Corporation considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after the end of the fiscal year. Liabilities expected to be paid in more than twelve months are considered to be long-term liabilities.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt which are recognized as expenditures to the extent they have matured. Proceeds of general long-term debt are reported as other financing resources.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place.

Fund Balance Reserve

In the fund financial statements, the reserve for debt service is used to account for and report on the accumulation of resources to be used for redemption of general long-term indebtedness and supports the operations of the Corporation.

ONONDAGA TOBACCO ASSET SECURITIZATION CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Cash Equivalents

The Corporation considers all short-term instruments purchased with original maturities of three months or less to be cash equivalents.

Income Tax Status

The Corporation is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3).

Subsequent Events

Subsequent events have been evaluated by management through March 30, 2011 which is the date the financial statements were available to be issued.

2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN FUND STATEMENT AND GOVERNMENT-WIDE STATEMENT

Due to the differences in the measurement focus and basis of accounting used in the fund statement and the government-wide statement, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus on the statement of activities, compared with the current financial resources focus on the statement of governmental fund revenue, expenditures and change in fund balance.

Total Fund Balances of the Fund Statement versus Net Assets of Government-Wide Statement

Total fund balances of the Corporation's fund statement differs from net assets of government-wide statement reported in the statement of net assets. This difference primarily results from the additional long-term economic focus on the statement of net assets versus the solely current financial resources focus on the fund balance sheet.

2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN FUND STATEMENT AND GOVERNMENT-WIDE STATEMENT (CONT'D)

Explanation of differences between the Governmental Fund Balance Sheet and the Statement of Net Assets:

Fund Balance - Governmental Fund	\$ 8,718,708
----------------------------------	--------------

The costs associated with the Series 2001 and 2005 Bond issues are reported as expenditures in the year they are incurred. This is also the case with the discount on the Series 2001 Bond issue. As a result, these are not recorded as assets on the balance sheet. However, the statement of net assets includes those costs and discount fees among the assets of the Corporation, and their original costs are expensed annually over the life of the related debt. The balances at December 31, 2010 are:

Original cost of bond issuances	\$ 2,923,366	
Less: Accumulated amortization	<u>670,807</u>	
Net cost of bond issuances	<u>2,252,559</u>	
 Original cost of bond discount fee	 1,293,366	
Less: Accumulated amortization	<u>391,708</u>	
Net cost of bond discount fee	<u>901,658</u>	
 Total net cost of bond issuances and bond discount fee		 3,154,217
 Bonds payable are reported in the statement of net assets, but not in the governmental fund - balance sheet because they are not due and payable in the current period.		 (134,348,713)
 Accrued interest payable is reported in the statement of net assets, but not in the governmental fund because it is not due and payable in the current period.		 <u>(447,180)</u>
 Net deficit of government-wide activities		 <u><u>\$(122,922,968)</u></u>

(Continued)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

2. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN FUND STATEMENT AND GOVERNMENT-WIDE STATEMENT (CONT'D)

Statement of Governmental Fund Revenues, Expenditures and Change in Fund Balance Versus Statement of Activities

Differences between the statement of governmental fund revenues, expenditures and changes in fund balance and the statement of activities fall into one of three broad categories. The amounts shown below represent:

Deficiency of revenues over expenditures	\$ <u>9,513</u>
--	-----------------

The amount charged to amortization expense in the current year for bond issuance costs and bond discount fees are expenses in the statement of activities, whereas in governmental fund financial statements expenditures for the total amounts were recorded in the year when incurred.	(88,769)
--	----------

Repayment of bond principal is an expenditure in the governmental fund financial statements but it reduces long-term liabilities in the statement of net assets, and does not affect the statement of activities.	2,000,000
---	-----------

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental fund financial statements interest expenditures are reported when due.	<u>(2,440,059)</u>
--	--------------------

Change in net deficit - statement of activities	\$ <u>(519,315)</u>
---	---------------------

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

3. CASH AND CASH EQUIVALENTS

The Corporation maintains its cash and cash equivalents accounts with various banks. As of December 31, 2010 the Corporation did not have deposit amounts in excess of the insurance limit established by the Federal Deposit Insurance Corporation (FDIC).

4. INVESTMENTS

Investments are reported at fair market value. The Corporation's trustee holds investments for the funds included in the financial statements. The Corporation invests in authorized investments as described in the bond resolution such as commercial paper or finance company paper; special time deposit accounts; certificates of deposit and obligations of the United States of America.

All investments are insured, registered or held by the Corporation's trustee in the Corporation's name.

A trustee holds the Corporation's investments in the following accounts:

Debt Service Account

This is the account from which payments to bondholders are made with money transferred in from the collection account.

Liquidity Reserve Account

This reserve has been established pursuant to the Corporation's indenture and was initially funded in an amount equal to the maximum annual debt service on the Series 2001 Bonds. Amounts exceeding the reserve requirement will be transferred to the debt service account and will be available to make flexible amortization bond payments.

Collection Account

This account has been established to receive the Tobacco Settlement Revenues under the MSA agreement. The monies received in this account will be transferred to the debt service account to pay the Corporation's bondholders.

(Continued)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

4. INVESTMENTS (CONT'D)

At December 31, 2010, investments are stated at fair value, which approximate cost, and consist of commercial paper in the amount of \$8,373,631.

5. BOND ISSUANCE COSTS AND DISCOUNT FEES

The Corporation has incurred issuance costs and discount fees associated with the Series 2005 and Series 2001 Bond issues. As is stated previously in the notes to the financial statements, these costs are expensed as incurred in the Corporation's fund financial statements. Such costs and discount fees are deferred and amortized over the life of related debt in the government-wide statements. Balances at December 31, 2010 are as follows:

	2005 Series	2001 Series	
	<u>Issuance Costs</u>	<u>Issuance Costs</u>	<u>Discount Fees</u>
Cost	\$ 836,558	\$ 2,086,808	\$ 1,298,952
Less: Accumulated Amortization	<u>32,540</u>	<u>638,267</u>	<u>397,294</u>
Net	<u>\$ 804,018</u>	<u>\$ 1,448,541</u>	<u>\$ 901,658</u>

Amortization charged to expense in 2010 for bond issuance costs and discount fees was \$60,955 and \$27,814, respectively.

6. LONG-TERM LIABILITIES

On August 8, 2001, the Corporation along with six other counties created a trust known as New York Counties Tobacco Trust II (NYCTT II). The trust issued \$215,220,000 in aggregate principal Tobacco Settlement Pass-Through Bonds Series 2001. The Corporation issued \$111,470,000 in variable rate bonds bearing interest rates ranging from 5%-6%. The debt is payable solely from and secured by pledged Tobacco Settlement Rights and investment earnings on amounts on deposit.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

6. LONG-TERM LIABILITIES (CONT'D)

On November 29, 2005 the Corporation along with twenty-three other counties created a New York Counties Tobacco Trust V (NYCTT V) to issue \$199,375,348 in aggregate principal Tobacco Settlement Pass-Through Bond-Series 2005. Series 2005 NYCTT Bonds represent a direct, pass-through interest in corresponding TASC bonds held by the trust and are subordinate to the 2001 Series bonds. The debt is payable from pledged Tobacco Settlement Rights and investment earnings on amounts on deposit. The Series 2005 Bonds are also payable from certain amounts released from Liquidity Reserve Accounts upon retirement of the prior bonds and amounts released from the Trapping Account. The Corporation's share of these capital appreciation bonds are \$700,630,000 variable rate bonds with a face value of \$700,630,000, bond issuance costs of \$836,558 and a distribution to the County of \$30,565,586. The bonds bear interest at rates ranging from 6.00% to 7.15%. During 2010, interest of \$2,451,138 accreted on these bonds. There are no scheduled principal or interest payments on the Series 2005 bonds outside of their final maturity dates. The bonds are subject to potential redemption prior to maturity through turbo redemption payments made from surplus collections on deposit with the Corporation. Redemption will take place in order of maturity date at their accreted value.

In 2009 the R.J. Reynolds bonds, which served as backing on the 2005 series bonds, rose to above investment grade.

The following is a summary of the Corporation's bonds payable for the year ended December 31, 2009:

	Issue Date	Final Maturity	Interest Rate	Balance December 31, 2010
Tobacco Settlement Pass - through Bonds 2001	8/01	6/43	5.0 - 6.0%	<u>\$ 94,835,000</u>
Tobacco Settlement Pass - through Bonds 2005	11/05	6/60	6.0 - 7.15%	28,525,438
Add: interest accretion				<u>10,988,275</u>
Carrying Value of Series 2005 Bonds				<u>\$ 39,513,713</u>

6. LONG-TERM LIABILITIES (CONT'D)

Long-term liability balances and activity for the year are summarized below:

	Beginning Balance	Issued	Redeemed	Ending Balance	Amounts Due Within One Year
Bonds payable 2001	\$ 96,835,000	\$ -	\$2,000,000	\$ 94,835,000	\$ 770,000
Bonds payable 2005	<u>28,525,438</u>	-	-	<u>28,525,438</u>	-
Subtotal	125,360,438	-	2,000,000	123,360,438	770,000
Add: Accreted interest	<u>8,537,137</u>	<u>2,451,138</u>	-	<u>10,988,275</u>	-
Total bonds payable and accreted interest	<u>\$133,897,575</u>	<u>\$ 2,415,138</u>	<u>\$2,000,000</u>	<u>\$134,348,713</u>	<u>\$ 770,000</u>

The Corporation's required principal and interest payments at December 31, 2010, on the Series 2001 bonds are as follows:

	Series 2001		
	Principal	Interest	Total
2011	770,000	6,087,731	6,857,731
2012	860,000	6,041,831	6,901,831
2013	945,000	5,989,938	6,934,938
2014	1,005,000	5,933,875	6,938,875
2015	1,100,000	5,871,981	6,971,981
2016-2020	10,255,000	28,020,351	38,275,351
2021-2025	16,040,000	24,411,632	40,451,632
2026-2030	17,530,000	19,818,593	37,348,593
2031-2035	17,675,000	14,872,424	32,547,424
2036-2040	23,910,000	9,107,424	33,017,424
2040-2043	<u>4,745,000</u>	<u>923,705</u>	<u>5,668,705</u>
Total	<u>\$ 94,835,000</u>	<u>\$127,079,485</u>	<u>\$221,914,485</u>

Depending on the extent of actual collections from TSR payments and availability of funds, the Corporation has agreed to make principal payments in accordance with a Super Sinker payment schedule that allows for increased payments and a final maturity of December 31, 2028 on the Series 2001 Bonds.

6. LONG-TERM LIABILITIES (CONT'D)

Under the Super Sinker payment schedule, the Corporation's payments at December 31, 2010, on the Bonds are as follows:

	Series 2001		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2011	3,545,000	5,265,188	8,810,188
2012	3,100,000	5,087,644	8,187,644
2013	3,295,000	4,915,263	8,210,263
2014	3,525,000	4,731,363	8,256,363
2015	3,680,000	4,532,388	8,212,388
2016-2020	24,255,000	19,002,379	43,257,379
2021-2025	34,175,000	10,651,720	44,826,720
2026-2028	<u>19,260,000</u>	<u>1,364,187</u>	<u>20,624,187</u>
Total	<u>\$ 94,835,000</u>	<u>\$55,550,132</u>	<u>\$150,385,132</u>

The Series 2005 Bonds are capital appreciation bonds, upon which the investment return on the investment principal is reinvested at a compounded rate until maturity. There are no scheduled principal and interest payments on these bonds other than their respective maturity dates, at which time a single payment is made representing principal and investment return. Such payments are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Series 2005 S1 payable in full June 1, 2038	\$ 6,127,360	\$ 34,716,541	\$ 40,843,901
Series 2005 S2 payable in full June 1, 2050	9,604,046	126,233,419	135,837,465
Series 2005 S3 payable in full June 1, 2055	4,963,972	130,489,928	135,453,900
Series 2005 S4A payable in full June 1, 2060	<u>7,830,060</u>	<u>342,240,767</u>	<u>350,070,827</u>
Total	<u>\$ 28,525,438</u>	<u>\$633,680,655</u>	<u>\$662,206,093</u>

Depending on the extent of actual collections from TSR payments available after payment on the Series 2001 Bonds, the Corporation has agreed to make principal payments in accordance with a turbo redemption payment schedule that allows for increased payments and a final maturity of June 1, 2033 on the Series 2005 Bonds.

6. LONG-TERM LIABILITIES (CONT'D)

The following is a summary of the amount of accretion on the series 2005 capital appreciation bonds assuming the projected debt service amortization:

	Amount of Yearly Accretion
2011	2,614,218
2012	2,788,213
2013	2,976,859
2014	3,168,940
2015-2019	19,328,081
2020-2024	26,700,782
2025-2029	36,907,476
2030-2034	51,045,772
2035-2039	65,512,456
2040-2044	82,006,090
2044-2049	114,268,702
2050-2054	111,705,512
2055-2060	<u>103,669,279</u>
Future Total Accretion	622,692,380
Cumulative Accreted Interest December 31, 2010	10,988,275
Principal	<u>28,525,438</u>
Estimated Total Debt Service	<u><u>\$662,206,093</u></u>

7. CONCENTRATION OF CREDIT RISK

During 2001, the Corporation purchased the rights to receive TSRs from the County of Onondaga. There are a number of risks associated with receipts of such TSRs, including litigation affecting participating manufacturers and possible bankruptcy as a result thereof, and future adjustments to the calculation of the TSRs. The Corporation's financial existence is contingent upon receiving TSR from the tobacco manufacturers.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors
Onondaga Tobacco Asset Securitization Corporation
Syracuse, New York

We have audited the financial statements of the Onondaga Tobacco Asset Securitization Corporation as of and for the year ended December 31, 2010 and have issued our report thereon dated March 30, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Onondaga Tobacco Asset Securitization Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Corporation's board of directors and management and is not intended to be and should not be used by anyone other than these specified parties.
